Information Efficiency and Anomalies in Asian Equity Markets Oct 24 2021 The efficient market hypothesis (EMH) maintains that all relevant information is fully and immediately reflected in stock prices and that investors will obtain an equilibrium rate of return. The EMH has far reaching implications for capital allocation, stock price prediction, and the effectiveness of specific trading strategies. Equity market anomalies reflect that the market is inefficient and hence, contradicts the EMH. This book gathers both theoretical and practical perspectives, by including research issues, methodological approaches, practical case studies, uses of new policy and other points of view related to equity market efficiency to help address the future challenges facing the global equity markets and economies.

Information Efficiency and Anomalies in Asian Equity Markets: Theories and evidence is an insightful resource that will be useful for students, academics and professionals alike.

Brazilian Derivatives and Securities Jul 21 2021 The Brazilian financial markets operate in a very different way to G7 markets. Key differences include onshore and offshore markets, exponential rates, business days day-counts, and price formation from the futures markets (instead of the cash markets). This book provides a quantitative, applied guide to the offshore and onshore Brazilian markets, with a focus on the financial instruments unique to the region. It offers a comprehensive introduction to the key financial 'archaeology' in the Brazil context, exploring interest rates, FX and inflation and key differences from G7 market finance. It explores the core industry investment banking business in detail, from FX to interest rates and cash and inflation. Finally it introduces the region's unique financial instruments, as well as their pricing and risk management needs. Covering both introductory and complex topics, this book provides existing practitioners in Brazil, as well as those interested in becoming involved in these markets, everything they need to understand the market dynamics, risks, pricing and calibration of curves for all products currently available.

Predictions for 2015 Aug 29 2019 Predictions for 2015 Revised Edition Will two great tidal waves, earthquakes, storms, volcano eruptions, terrorist attacks and wars hit the U.S. Eastern Coast Line or Western Coast Line or Mid-West on September 27, 2015? Will Billy Graham and Pat Robertson die on this same date or near it? Will on this same date the earth stop rotating causing three days of darkness then it starts again only to have Venus (=life) to rotate counterclockwise opposite what it rotates now making long life for everyone and the curse of the ground and animals will be gone. Will there be an evil rapture at this time taking every evil person off the earth and their bodies lay on the ground for eagles and vultures to eat? Will massive amounts of gold and oil be found in the U.S. and prospers everyone in the world? Demons and satan will be bound up in hell and/or the U.S. or Iraq for a 1000 years and good angels possess people souls bringing good health of mind, body and soul for a 1000 years. Half of this book was written by November 11, 2011 (11-11-11) and the last three chapters were written by February 14, 2015.

Education at a Glance 2014 OECD Indicators Apr 17 2021 This book provides annual data on the structure, finances, and performance of education systems in the OECD's 34 member countries, as well as a number of partner countries.

Transnational Cultural Flow from Home Aug 02 2022 Transnational Cultural Flow from Home examines New York Korean immigrants' collective efforts to preserve their cultural traditions and cultural practices and their efforts to transmit and promote them to New Yorkers by focusing on the Korean cultural elements such as language, foods, cultural festivals, and traditional and contemporary performing arts.

Raw Compilation circa2014 Aug 22 2021

Global Secularisms in a Post-Secular Age Jul 01 2022 Global Secularisms addresses the state of and prospects for secularism globally. Drawing from multiple fields, it brings together theoretical discussion and empirical case studies that illustrate "on-the-ground," extant secularisms as they interact with various religious, political, social, and economic contexts. Its point of departure is the fact that secularism is plural and that various secularisms have developed in various contexts and from various traditions around the world. Secularism takes on different social meanings and political valences wherever it is expressed. The essays collected here provide numerous points of contact between empirical case studies and theoretical reflection. This multiplicity informs and challenges the conceptual theorization of secularism as a universal doctrine. Analyses of different regions enrich our understanding of the meanings of secularism, providing comparative range to our notions of secularity. Theoretical treatments help to inform our understanding of secularism in context, enabling readers to discern what is at stake in the various regional expressions of secularity globally. While the bulk of the essays are case-based research, the current thinking of leading theorists and scholars is also included.

Lefty In The News... Nov 12 2020 This is a journal of news headline interpretations, featuring Lefty, a fictitious character in whose flaws, and those of the inhabitants of his world, we may see our own weaknesses, and perhaps even grow stronger in their recognition... Lefty himself personally guarantees your satisfaction by stating if you are not 100% happy reading about his exploits, any precious time you have wasted learning of his loathsome lack of charter will be cheerfully refunded...

Kashmir Oct 12 2020 After decades of instability, Kashmir - the undisputed jewel of the hippie trail - is back online and ready to welcome visitors with open arms. Whether you want to follow in the footsteps of Great Game heroes in Gilgit and Hunza, take a pilgrimage to the thriving Buddhist centre of Leh, scale K2, Nanga Parbat and Rakaposhi, or simply laze with a book on a house boat in Srinagar, few places on earth have such a concentration of remarkable

sites and experiences. The region's improving security and infrastructure are covered by the guide in detail, along with practical advice on travel, accommodation and food, safety and bureaucracy. Description of Kashmir's history, culture and politics is vivid and informative, and the accompanying images leave the reader, like the Mughal Emperors before them, sure that Kashmir is indeed 'Paradise on Earth'.

ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Aug 10 2020

Africa: An Encyclopedia of Culture and Society [3 volumes] Nov 24 2021 These volumes offer a one-stop resource for researching the lives, customs, and cultures of Africa's nations and peoples. • Supplies entries that are more extensive than in most comparable encyclopedic works • Arranges content alphabetically by country, then by topic, with suggestions for further reading following each • Includes contributions from numerous eminent scholars of African history • Provides a clear African voice via entries from scholars from the African continent

Travel and Lifestyle Oct 31 2019 This engaging book presents nine empirical chapters that explore topics such as lifestyle entrepreneurship, lifestyle mobility, luxury experiences, and tourism-related well-being. Unlike most research focusing on Western contexts, several of the studies involve Asian regions (particularly China, including Hong Kong and Taiwan) and capture the growing popularity of Asian perspectives. This edited volume, authored by researchers across China, New Zealand, the US, the UK, and Portugal, provides researchers and practitioners in tourism and hospitality, along with readers interested in the general "travel and lifestyle" domain, timely and relevant knowledge. The editors hope that these carefully chosen chapters will inspire future studies and will give its readers a fresh insight in lifestyle's role in tourism. The chapters in this book were originally published as a special issue of the *Journal of Travel & Tourism Marketing*.

Learning pandas Oct 04 2022 If you are a Python programmer who wants to get started with performing data analysis using pandas and Python, this is the book for you. Some experience with statistical analysis would be helpful but is not mandatory.

Llewellyn's 2014 Witches' Calendar Sep 03 2022

Work-Life Balance and the Economic Crisis Apr 29 2022 No one can deny the significance attributed to the issue of reconciling work and private life by contemporary society, the EU and other international organisations. Its relevance is evident in the multifaceted nature of this topic and the need for each party to the employment contract to strike a proper balance between professional and personal responsibilities, based on the assumption that people can successfully harmonise their work with life. Following on from these considerations, this volume provides a detailed analysis of work-life balance and its regulation in a number of EU countries, emphasizing the consequences that the current economic crisis has brought about in this field.

Code of Federal Regulations Jul 29 2019 Special edition of the *Federal Register*, containing a codification of documents of general applicability and future effect ... with ancillaries.

The Mythology of America's Seasonal Holidays May 07 2020 Every year we celebrate a cycle of seasonal holidays. The ancient Greeks called this cycle "The Dance of the Horae," after the mythical divinities who represented the seasons. What myths sit at the foundation of our own holiday celebrations? This interdisciplinary book explores the myths and symbols that underlie our major seasonal holidays and give them their meaning. Arthur George also shows how America's own mythmaking has shaped some holidays. This mythological approach reveals how and why holidays arose in the first place, how and why they have changed over the centuries, why they have remained important, and finally how we can celebrate them today in a more meaningful manner that can enrich our lives and better our society. George devotes particular attention to the depth psychological aspects of holidays and their corresponding myths, as well as to the insights of modern biblical scholarship for key holidays such as Easter and Christmas.

Advances in Swarm Intelligence Feb 02 2020 The two-volume set of LNCS 10385 and 10386, constitutes the proceedings of the 8th International Conference on Advances in Swarm Intelligence, ICSI 2017, held in Fukuoka, Japan, in July/August 2017. The total of 133 papers presented in these volumes was carefully reviewed and selected from 267 submissions. The paper were organized in topical sections as follows: Part I: theories and models of swarm intelligence; novel swarm-based optimization algorithms; particle swarm optimization; applications of particle swarm optimization; ant colony optimization; artificial bee colony algorithms; genetic algorithms; differential evolution; fireworks algorithm; brain storm optimization algorithm; cuckoo search; and firefly algorithm. Part II: multi-objective optimization; portfolio optimization; community detection; multi-agent systems and swarm robotics; hybrid optimization algorithms and applications; fuzzy and swarm approach; clustering and forecast; classification and detection; planning and routing problems; dialog system applications; robotic control; and other applications.

Constructing Ethnic Identities Jul 09 2020 The book shows how minority groups recreate their traditions and employ them as a means to preserve ethnic boundaries, to redefine identity, and to move towards mainstream culture. The result is a variation of ritual syncretism, demonstrating the immigrants' multiple social locations.

Investigating Cultural Aspects in Indian Organizations Jan 27 2022 The purpose of this edited collection is to analyse the cultural aspects of Indian organizations. As the world's largest and most diverse democracy, Indian society can be best described as an amalgam of multiple cultures, value systems, socio-political and institutional orientations. This book offers a theoretical and empirical basis for understanding the evolving and changing nature of these aspects in Indian organizations. The World Bank predicts that in the near future India will become the world's second largest economy. The recent high growth rates reported by businesses in the Indian economy needs to be sustainable, especially amidst its high cultural diversity. Whilst there is tremendous interest in understanding the intricacies of Indian culture and a growing literature focusing on topics such as India-specific management and internationalization strategies of Indian firms, the cultural aspects of Indian businesses have been largely ignored. This book aims to fill this gap. It covers various topics in organizational culture and management such as human resource management, cross-cultural communication and coaching, cultural similarity, cultural literacy, multiculturalism, generational cultural values, talent acquisition and knowledge management. It also features case studies from high growth sectors such as the IT and health industries. Presenting contributions from local Indian and international researchers, this book provides a multidimensional perspective that will appeal to students, scholars and practitioners

interested in organizational culture and management in India.

Project Management Sep 30 2019 Dennis Lock's masterly exposition of the principles and practice of project management has been pre-eminent in its field for 45 years and was among the first books to treat project management as a holistic subject. But *Project Management* has been kept completely up to date by regular and sensitive revisions to ensure that it remains fresh and totally relevant. *Project Management* explains the entire project management process in great detail, demonstrating techniques from simple charts to detailed computer applications. Everything is reinforced with clear diagrams and case examples, many new for this edition. The author has expanded discussion of topics such as supply chain management and the project management office (PMO), and there are new chapters about implementing change management projects and the role of senior managers in supporting projects. Obsolescent or less frequently used methods have been stripped out, but readers of the hardback Tutor's Edition will find that this deleted material lives on as new chapters on the accompanying downloadable resources, which have been thoroughly revised. Importantly, that disc includes comprehensive Power Point presentations with hundreds of well designed slides that tutors can use directly as a valuable resource for their lectures. Students have always commented on this book's reader-friendly style, which is free of unnecessary jargon, with clear diagrams and a construction that is logically organized, well indexed and simple to navigate. This Tenth Edition is certain to maintain the book's acclaimed status as the standard work for managers and students alike.
