**Kiss Me at the Stroke of Midnight 9** Mar 12 2021

A sardonic rom-com manga, *Kiss Me at the Stroke of Midnight* is perfect for fans of shojo like *My Little Monster* and *Kare Kano*. *SHADOWS OF THE PAST* As Hinana sinks deeper into despair, Akira has no one else to turn to but his rival Kaede. Akira shares Hinana's past family troubles with Kaede because it's affecting her now more than ever. What will Kaede do when he finally hears the truth? And in a moment of respite, Hinana and Kaede take a vacation to a hot spring resort, and, much to their chaperone's dismay, things get a little steamy!

**Fundamentals of Game Design** Jul 16 2021

To create a great video game, you must start with a solid game design: A well-designed game is easier to build, more entertaining, and has a better chance of succeeding in the marketplace. Here to teach you the essential skills of player-centric game design is one of the industry's leading authorities, who offers a first-hand look into the process, from initial concept to final tuning. Now in its second edition, this updated classic reference by Ernest Adams offers a complete and practical approach to game design, and includes material on concept development, gameplay design, core mechanics, user interfaces, storytelling, and balancing. In an easy-to-follow approach, Adams analyzes the specific design challenges of all the major game genres and shows you how to apply the principles of game design to each one. You'll learn how to: Define the challenges and actions at the heart of the gameplay. Write a high-concept document, a treatment, and a full design script. Understand the essentials of user interface design and how to define a game's look and feel. Design for a

variety of input mechanisms, including the Wii controller and multi-touch iPhone. Construct a game's core mechanics and flow of resources (money, points, ammunition, and more). Develop appealing stories, game characters, and worlds that players will want to visit, including persistent worlds. Work on design problems with engaging end-of-chapter exercises, design worksheets, and case studies. Make your game accessible to broader audiences such as children, adult women, people with disabilities, and casual players.

"Ernest Adams provides encyclopedic coverage of process and design issues for every aspect of game design, expressed as practical lessons that can be immediately applied to a design in-progress. He offers the best framework I've seen for thinking about the relationships between core mechanics, gameplay, and player—one that I've found useful for both teaching and research." — Michael Mateas, University of California at Santa Cruz, co-creator of *Façade*

**Principles of Sacred Liturgy** May 26 2022

Jesus' saving Paschal work continues today in the liturgy and sacraments. They have the power to sanctify and beatify those who engage the liturgy with proper minds and hearts. In this comprehensive and accessible book, Christopher Carstens opens up the ritual elements mystagogically: that is, he leads participants from what they can sense—a calendar day, a musical instrument, and word—to what is otherwise undetectable: Jesus Christ. He examines the core meaning of each liturgical element in creation, in the culture, in the Old Testament, in Christ, and in heaven. This book is an excellent resource for pastors, seminarians, permanent deacons and deacon candidates, lay ministers, and parish liturgy coordinators.

**Reading the Gospel of John through Palestinian Eyes** Mar 24 2022

Christians from diverse cultural, religious, and political contexts have been studying the Gospel of John for almost two thousand years. In this insightful reflection on the Fourth Gospel, Rev Yohanna Katanacho invites us to encounter the text anew, this time from the perspective of a twenty-first century Palestinian Christian. Challenging the claim that Christ belongs to a particular denomination, nation, or race, Katanacho presents the Gospel of John as introducing a new world order. In John's account of Jesus's life, the rich history of Judaism is reinterpreted in light of the inclusive Christ, the fulfilment of Old Testament prophecies, teachings, and promises. Walking us through the reinterpretation of holy space, holy time, holy history, holy community, holy land, and life itself, Katanacho demonstrates how John's gospel establishes a new identity for the people of God – an identity defined not by race or nationality but by suffering and love. Containing questions for reflection designed with preachers in mind, this accessible book will be a great help for Christians seeking to mine the beautiful riches of spiritual truth in this often-complicated gospel.

**Repertory Movie Theaters of New York City** Jun 02 2020 New York's repertory movie houses specialized in presenting films ignored by mainstream and art house audiences. Curating vintage and undistributed movies from various countries, they educated the public

about the art of film at a time when the cinema had begun to be respected as an art form. Operating on shoestring budgets in funky settings, each repertory house had its own personality, reflecting the preferences of the (often eccentric) proprietor. While a few theaters existed in other cities, New York offered the greatest number and variety. Focusing on the active years from 1960 through 1994, this book documents the repertory movement in the context of economics and film culture.

**Midnight's Scream** Oct 31 2022 Midnight's Scream is a crime drama. It tells us about the difficult and sorrowful life of Sana. Sana belongs to a rich family and has enjoyed all pleasure and luxury of rich life. She was a jolly and open minded woman and used to love and respect all. Her father arranged her marriage with a very rich man hoping to give her a far better life. But she had a different fate. She became the prey of marital rape. She expected to have a happy and prosperous life but her life got spoilt on the very night of her honeymoon. Do read the story and see what happens to her ...

**Beyond Price** Nov 19 2021 In nine lively essays, bioethicist J. David Velleman challenges the

prevailing consensus about assisted suicide and reproductive technology, articulating an original approach to the ethics of creating and ending human lives. He argues that assistance in dying is appropriate only at the point where talk of suicide is not, and he raises moral objections to anonymous donor conception. In their place, Velleman champions a morality of valuing personhood over happiness in making end-of-life decisions, and respecting the personhood of future children in making decisions about procreation. These controversial views are defended with philosophical rigor while remaining accessible to the general reader. Written over Velleman's 30 years of undergraduate teaching in bioethics, the essays have never before been collected and made available to a non-academic audience. They will open new lines of debate on issues of intense public interest.
