[When the Doves Disappeared](#) Oct 04 2022 Communist Estonia, 1941. As the Allies and the Axis clash in battle, two Estonian cousins are fleeing from the Red Army: Roland, a loyal freedom fighter, and Edgar, an opportunistic mercenary. When the Nazis take control of the country, Roland goes into hiding. Edgar abandons his wife, Juudit, and transforms himself into a loyal supporter of Hitler's regime. Flash forward to 1963: Estonia is back under communist control behind the Iron Curtain. Edgar has taken on yet another identity as a Soviet apparatchik, desperate to hide the secrets of his past and maintain his connections to power. But his fate remains entangled with Roland and Juudit, who may hold the key to uncovering the truth. In a fast-paced page-turner that switches between these two time periods, Sofi Oksanen brings to life an unforgettable story of deception, surveillance, passion, and betrayal.

[Virtuous Dove](#) Jul 09 2020 Virtuous Dove captures a sedate traditional look of life as it was in Victoria England. Newly released, this was the first book published in the Doves Collect series. Abolitionist, Felicity Phelps witnessing her mother and father's gruesome death; aiding runners in the Underground Railroad, flees America to Victoria England, the land of her ancestors. Discover with Felicity that not all appears as it is on the surface of the elite of society and those of the unfortunate forced to live in workhouses. Both classes are equally vulnerable when wealth and power are at stake. Can her virtues be altered when greed, power, and the suppression of the truth test her own belief system and those of others around her? No matter how you want to begin this riveting series, Dove Collect touches down on the theme of suppression of one group over another; the North over the South, the slave owner over the slave, white over black, one nationality over another and man over woman.

[The Time of the Dove](#) May 31 2022 The Civil War is the backdrop for this story of interracial love, romance, and adventure. Meet the Duvall family of St. Charles Parish, Louisiana. Faren, a female slave in the Duvall household, dreams of being free. Sean Duvall, the oldest son and heir, falls in love with a black woman at a time when this was not acceptable. Henri, Sean's father and patriarch of the family, has loved Faren's grandmother, Louise, who has been a household slave for over forty years. Faren leaves Louisiana for Paris at the beginning of the war to accompany her mistress, Henri's

daughter Renee Duvall. On the way to France, their ship is blown off course by a storm and Faren is swept overboard. When she awakens, she is in North Africa, where she finds that she is still a slave, but in the harem of a prince. Selim, son of the former Sultan of Morocco, falls in love with Faren and she becomes his wife. Renee Duvall finally arrives in France, to stay at the home of her aunt. She falls for a charming Frenchman, Gerard de Montfort, who is hiding a dark secret. After their marriage, Gerard becomes envoy to Morocco, where Renee's former slave Faren is living. Renee's husband begins to mistreat her and she turns to Faren for help. Back in Louisiana, Sean and his best friend become soldiers in the Louisiana regiment, but they get captured at Gettysburg. The loves and lives of these young people take divergent paths, yet all seek fulfillment during hard times.

Individual and Small Group Decisions Oct 24 2021 ecision making is one of the most important activities in both our profes D sional and our private lives today. The literature on the subject has grown considerably over the last fifty years and it now covers many different approaches to the subject. These approaches range from that of creating a mathematical model of the decision situation under consideration, as in operations research and other forms of mathematical decision analysis, to those that are based on human and organizational behavior. Recently, those working in the field have begun to combine approaches to the study of decision situations that arise in organizations, in our personal lives and in the communities in which we live. This book is an attempt to assist those concerned with decision making to work with this combination of approaches. In the past, decision problems have been considered according to the condi tions under which they arise and to some extent in terms of the approaches available for their resolution. Writers on the subject who are mathematically oriented have devised a method of classifying decisions based on the type of mathematics that they suggest be used in the resolution of the problems. This approach leads to the division of decision situations into the categories of cer tainty, uncertainty, risk and competition. Deterministic models available in oper ations research have then been offered as the means of treating decision situations in the category of certainty.

Decoding Bible Messages Apr 17 2021 To Christians, Jesus of Nazareth is the pivotal figure in human history. The entire Bible is about Him. Passages in the Old Testament forecast His life. In some Scriptures, references to Jesus are clear. In others, biblical writers relied on symbolism to foretell Jesus's time on earth. In his book *Decoding Bible Messages*, author John A. Mapp Jr. shines a laser on the Old Testament. Mapp provides numerous examples to bring Jesus out of the symbolism used by Old Testament writers. Passages that, at first look, seemed to have nothing to do with Jesus take on new meaning. For example, Mapp explains how the manner in which the Passover lamb was slaughtered is a symbolic portrayal of Jesus's crucifixion. Through Mapp's research, you'll discover the Old Testament is truly a hologram of Jesus Christ. *Decoding Bible Messages* provides a new perspective on the Old Testament. Learn to see Jesus on every page, and in the process, gain a new appreciation of the inspired nature of the whole Bible, plus a deeper revelation of the sovereign hand of God.

Dove/O'Keeffe May 07 2020 From the outset of her career, Georgia O'Keeffe credited her introduction to modernism as deriving in part from a reproduction of a pastel by Arthur Dove she saw around 1913. By this time Dove was well established as the foremost modernist artist in America, yet O'Keeffe herself would later become a source of renewal for his work. Renowned scholar Debra Bricker Balken here offers the first investigation into the interrelationship between these two great artists. She shows that while Dove's sensual evocations of landscape--his abstractions of nature's

undulating rhythms and forms--offered inspiration for O'Keeffe, the influence of O'Keeffe's work on Dove was equally significant. After 1930, Dove turned to O'Keeffe's early works for renewed aesthetic inspiration, mining, as he put it, her "burning watercolors." Beyond examining the impact of these mutual influences, this beautifully illustrated publication situates Dove and O'Keeffe within the circle of Alfred Stieglitz, and brings them into a fuller context within the modernist scene of the 1920s and 1930s. What emerges is a fascinating look at the first pivotal moment of modernism in America.

The Last Hunt in Early County Jun 19 2021 It is hard to say exactly what it is that makes friendships develop. There is certainly the bond of common interest. But friendship is more than that. It grows stronger with shared adventure, shared pain, and shared laughter. ?I have a better insight into why you enjoyed those trips to South Georgia,? Ruth said after ?proofing? the chapters for me, but she expressed concern that some of the stories might be too ribald for the grandchildren to read. But I am only relating what was said and done as best I can remember. When I told Paul that I was writing about the trips, he also suggested that I might not want to tell it all. But I did ? all that came to mind anyway. To really understand, you've got to know it all. The stories in this book are about the annual quail hunting trips Paul and I made to Early County, Georgia over a period of twelve or so years. More than that, the book is about the friendships that four men developed and the bonds that grew over the years. William and Paul lived in the same dormitory when they were students at Auburn University in the late 1950?s. During that time they began making a yearly trip to quail hunt at William?s family farm just north of Blakely, and after Paul retired from the Marines, they took up the tradition again. In February, 1993 they invited me to join them. You will see from these dates that we were not spring chickens when the hunts occurred. The exception is Toby, the sprightly young grig, who was a friend and neighbor of William. I use ?neighbor? in the rural sense because they were not in hollering distance of each other. I could tell that they had a bond when I met them, and that Toby went to ?choir practice? with William?s older buddies. ?Choir practice? was William?s euphemism for playing poker. I do not think that either had a corrupting influence on the other. They were also fishing and hunting partners, the same as Paul and I. Anyone who loves dogs will understand the special bond that develops between owner and dog, or in my case, it seems, between owner and man. I love my dogs, and, thank God, Ruth does too ? probably more than I do. This story is about them, too. Most of all, the story is about the gentleman himself, Mr. Bob White. I fear that I have not done him justice because he is hard to describe. He is fast, agile, allusive, elusive, evasive, and smart. He is gregarious with his clan and forms a covey that moves like an army and springs into the air simultaneously, each foot seeming to leave the ground at the same millisecond. Covey rises always seem choreographed, and even when you know it is about to happen, it is

like a surprise, a startle. The sound of a covey rise is frequently expressed as being like an explosion, or thunder, or eruption, but it is not like that. Actually the sound comes from the wing beats, and the pounding of the feathered appendage against the feathered body. But...you just have to be there. Paul and I live in east central Alabama, the lower Piedmont part of the Appalachian foot hills. Here quail and quail habitat have largely disappeared over the last half century as patch or subsistence farming has drastically declined. Quail do not do well in cow pastures and pine plantations. The opportunity for us to hunt birds in Early County, Georgia was a thrill difficult to over state.

Demonology Feb 13 2021 Three Friars, says a legend, hid themselves near the Witch Sabbath orgies that they might count the devils; but the Chief of these, discovering the friars, said-"Reverend Brothers, our army is such that if all the Alps, their rocks and glaciers, were equally divided among us, none would have a pound's weight." This was in one Alpine valley. Any one who has caught but a glimpse of the world's Walpurgis Night, as revealed in Mythology and Folklore, must agree that this courteous devil did not overstate the case. Any attempt to catalogue the evil spectres which have haunted mankind were like trying to count the shadows cast upon the earth by the rising sun. This conviction has grown upon the author of this work at every step in his studies of the subject.

Spirit of a Dove Apr 05 2020 "Oh Maker, all good, some horror has risen from my feet. It's the same one who I'd struck off from his zenith. It's this prior Lucifer who now in a strong attempt around my legs dares to coil. And what else he does is awful: he has learned his new darkness well and weaves it to make his form misshape: he lengthens out with scaly tail and seems to be leviathan. That's not all, more horror here: he has seized a throng of angels, those who had stood nearby his snatching tail. These have been translated evil and now are eager of this same one's zeal."

Separating the Hawks from the Doves Jul 21 2021 Human players in our laboratory experiment received flow payoffs over 120 seconds each period from a standard Hawk-Dove bimatrix game played in continuous time. Play converged closely to the symmetric mixed Nash equilibrium under a one-population matching protocol. When the same players were matched in a two-population protocol with the same bimatrix, they showed clear movement towards an asymmetric (and very inequitable) pure Nash equilibrium of the game. These findings support distinctive predictions of evolutionary game theory.

Matin Bells and Scarlet and Gold (Classic Reprint) Dec 26 2021 Excerpt from *Matin Bells and Scarlet and Gold* For though we droop, we can recall The cooing time of doves. Dear wife, thou never canst look old, Nor feeble is thy tread To one who reads the changeless truth, And knew thy morning's radiant mould; For I do see eternal youth, Behind the sweet grey head. And I remember when a boy I touched thy tiny gloves, And found a new and undreamed joy In kissing them, and still I hear Across the gulf of many a year, The cooing time of doves. The Silver Dove Jan 27 2022 *The Silver Dove*, published four years before Bely's masterpiece *Petersburg*, is considered the first modern Russian novel. Breaking with Russian realism, and a pioneering Symbolist work, its vividly drawn characters, elemental landscapes, and rich style make it accessible to the Western reader, and this new translation makes the complete work available in English for the first time. Dissatisfied with the life of the intelligentsia, the poet Daryalsky joins a rural mystic sect, the Silver Doves. The locals, in particular the peasant woman Matryona, are fascinated

by the dashing stranger. Daryalsky is in turn taken in by the Doves' intimacy with the mystical and spiritual--and by Matryona. Under the influence of Kudeyarov, the ruthless cult leader, Daryalsky is used in a bid to produce a sacred child. But in time the poet disappoints the Doves and must face their suspicions and jealousies--and his own inevitable dire fate.

Himalayan Voices Feb 02 2020 While the natural splendor of Nepal has been celebrated in many books, very little of the substantial body of Nepali literature has appeared in English translation. Himalayan Voices provides admirers of Nepal and lovers of literature with their first glimpse of the vibrant literary scene in Nepal today. An introduction to the two most developed genres of modern Nepali literature—poetry and the short story—this work profiles eleven of Nepal's most distinguished poets and offers translations of more than eighty poems written from 1916 to 1986. Twenty of the most interesting and best-known examples of the Nepali short story are translated into English for the first time by Michael Hutt. All provide vivid descriptions of life in twentieth-century Nepal. Although the days when Nepali poets were regularly jailed for their writings have passed, until 1990 the strictures of various laws governing public security and partisan political activity still required writers and publishers to exercise a certain caution. In spite of these conditions, poetry in Nepal remained the most vital and innovative genre, in which sentiments and opinions on contemporary social and political issues were frequently expressed. While the Nepali short story adapted its present form only during the early 1930s, it has rapidly developed a surprisingly high degree of sophistication. These stories offer insights into the workings of Nepali society: into caste, agrarian relations, social change, the status of women, and so on. Such insights are more immediate than those offered by scholarly works and are conveyed by implication and assumption rather than analysis and exposition. This book should appeal not only to admirers of Nepal, but to all readers with an interest in non-Western literatures. Himalayan Voices establishes for the first time the existence of a sophisticated literary tradition in Nepal and the eastern Himalaya.
