The Routledge Handbook of Chinese Discourse Analysis Nov 07 2020 Chinese is a discourse-oriented language and the underlying mechanisms of the language involve encoding and decoding so the language can be correctly delivered and understood. To date, there has been a lack of consolidation at the discourse level such that a reference framework for understanding the language in a top-down fashion is still underdeveloped. The Routledge Handbook of Chinese Discourse Analysis is the first to showcase the latest research in the field of Chinese discourse analysis to consolidate existing findings, put the language in both theoretical and socio-functional perspectives, offer guidance and insights for further research and inspire innovative ideas for exploring the Chinese language in the discourse domain. The book is aimed at both students and scholars researching in the areas of Chinese linguistics and discourse analysis.

Routledge Handbook of Asian Borderlands Sep 05 2020 In Asia, where authoritarian-developmental states have proliferated, statehood and social control are heavily contested in borderland spaces. As a result, in the post-Cold War world, borders have not only redefined Asian incomes and mobilities, they have also rekindled neighbouring relations and raised questions about citizenship and security. The contributors to the Routledge Handbook of Asian Borderlands highlight some of these processes taking place at the fringe of the state. Offering an array of comparative perspectives of Asian borders and borderlands in the global context, this handbook is divided into thematic sections, including: Livelihoods, commodities and mobilities Physical land use and agrarian transformations Borders and boundaries of the state and the notion of statelessness Re-conceptualizing trade and the economy in the borderlands The existence and influence of humanitarians, religions, and NGOs The militarization of borderlands Causing us to rethink and fundamentally question some of the categories of state, nation, and the economy, this is an important resource for students and scholars of Asian Studies, Border Studies, Social and Cultural Studies, and Anthropology.

Vom Häuserkampf zu neuen urbanen Lebensformen Jul 24 2019 Raum wird sozial produziert. Am Beispiel von umkämpften städtischen Räumen zeigt Sabin Bieri auf, wie der so genannte »spatial turn« die Sozialwissenschaften herausfordert und neue Fragestellungen produziert. Ausgangspunkt des Buches ist ein Verständnis von »Geographie« als eine Praxis, mittels derer Zugehörigkeiten geschaffen werden. Die Schauplätze der 1980er-Bewegung in der Stadt Bern werden unter konsequenter Berücksichtigung geschlechtertheoretischer Erkenntnisse als 'Tatorte' der Produktion des Urbanen beleuchtet. Es zeigt sich: Die neuen Formen des Zusammenlebens, die dabei erstritten, erprobt und entwickelt wurden, prägen bis heute die Vorstellung von Stadt und bestimmen zudem die Qualität innerstädtischer Lebensräume.

Orthodoxe Selbst- und Fremdbilder Sep 17 2021 Dieser Band bietet eine theologiegeschichtliche Aufarbeitung der orthodox-theologischen Identitätsdiskurse im rumänischen Sprachraum des 20. Jahrhunderts mit Blick auf die Wahrnehmung, Beurteilung und Anerkennung der Römisch-Katholischen Kirche. Der Autor plädiert für eine kontingenzbewusste Hermeneutik der orthodoxen Theologiegeschichte und damit für eine Historisierung der unterschiedlichen Selbstbilder, mit denen sich die Orthodoxe Kirche identifiziert hat oder immer noch identifiziert. Unerwartete Nuancen der orthodoxen Positionierung zur Moderne und zur ekklesialen Realität der anderen Konfessionen kommen ans Tageslicht, denn Selbstbilder sind nicht nur Kontrastbilder zum vermeintlichen Standort des Anderen, sondern auch dialogische Momentaufnahmen. Der Weg und die Welt der (rumänisch-)orthodoxen Theologie im 20. Jahrhundert gewinnen damit an Farbe und Komplexität. This volume is a theological-historical analysis of the orthodox-theological identity discourses in the Romanian-speaking area of the 20th century (specially between 1875 and 1989) in view of the perception, assessment and recognition of the Roman Catholic Church. The author advocates for contingency-conscious hermeneutics in the history of Orthodox theology and for the historization of the different, still influential self-concepts of the Orthodox Church. Unexpected nuances of the orthodox positioning towards modernity and the ecclesial reality of the other denominations come to light. The way and the world of (Romanian) Orthodox theology in the 20th century are gaining color and complexity.

Das Frankfurter Bahnhofsviertel Aug 24 2019 Das Frankfurter Bahnhofsviertel gibt auf den ersten Blick den Eindruck einer öffentlichen Inszenierung abweichenden Verhaltens. Die Vielzahl der dort versammelten sozialen Problemlagen, Kontraste und Asymmetrien ist für den Stadtteil scheinbar identitätsstiftend. Auf der Hinterbühne stellt sich diese Dramaturgie jedoch als ein komplexes Geflecht von Aushandlungen, Wissensbeständen, Machtverhältnissen und gezielter Steuerung heraus.

As It Was in the Days of Noah Jun 22 2019 “As it was in the days of Noah, so it will be at the coming of the Son of Man.” —Matthew 24:37 Noah’s story is remembered as a Sunday school lesson taught with felt-board animals—yet the Bible paints a darker picture, one in which earth’s people grew so wicked God had to destroy them in a global flood. Millenia later, Jesus prophesied the same widespread spiritual rebellion would mark the days leading into the end times. From bestselling prophecy author Jeff Kinley, *As It Was in the Days of Noah* reveals the parallels between the time before flood and our current culture, highlighting the rise in evil, the surge in immorality, and the pandemic of godlessness. This book examines the signs that the end times are rapidly drawing nearer affirms the urgency of reaching the lost with God’s compassionate truth equips believers to live wisely, making their days count for eternity *As It Was in the Days of Noah* illuminates the biblical evidence that God’s judgment is imminent—and reveals how Noah’s story provides a deep reservoir of hope for all who follow Christ.

The Encyclopedia of Heaven Mar 31 2020 The Encyclopedia of Heaven is an extensive study of paradise, gathering diverse interpretations of the glorious afterlife from around the world and across the ages. Covering everything from ancient mythic images of splendid ethereal kingdoms to modern "near death experience" apparitions of luminous tunnels, this volume offers hundreds of fascinating depictions of the great beyond. Sources include religious texts, works of art and literature, television and film productions, epic poems, opera and stage plays, reincarnation concepts, African legends, and Native American beliefs. The Encyclopedia of Heaven also looks at how the glories of paradise have been incorporated into contemporary pop culture, figuring into Rap music, merchandising fads, comic books, and more. From the Elysian Fields to Avalon; Dante's Paradiso to the African paradise Asamando, take a look at the thrilling, compelling, sometimes startling depictions of the sweet hereafter that have emerged over the ages. The perfect companion guide to Encyclopedia of Hell, the Encyclopedia of Heaven invites you to join the legions of souls who have pondered over the millennia what ultimate reward awaits the chosen in some unseen great beyond.

Europe's Indians, Indians in Europe Feb 29 2020 Europe's Indians, Indians in Europe is an accessible and multidisciplinary synopsis of European iconographies and cultural narratives related to Native Americans. In this pioneering work, European fascination with and phantasmagorias of 'Indianness' are comprehensively discussed, involving perspectives of history, literature, and cultural criticism. Topics range from so-called Pocahontas, paraded as an exotic souvenir princess in front of seventeenth-century Londoners, to

Native Americans touring Europe as show token Indians with Buffalo Bill's Wild West show in the late nineteenth-century. European strategies of playing Indian include German dime novel artisan Karl May (1842-1912) and his literary fabrications of the 'vanishing race,' which were utilized by National Socialist propaganda, as well as the Englishman Archibald Stansfeld Belaney (1888-1938) reinventing himself as Grey Owl, or contemporary Europeans, 'cloning' surrogate Indian identities and 'patenting' synthetic tribes. Covering a vast transatlantic spectrum of aspects and anecdotes, Europe's Indians, Indians in Europe is a seminal study for anyone interested in learning more about European motives, mythopoetics, and microcosms of 'dressing in feathers.'

Misunderstandings Jul 28 2022 Just when she thought things were going up... Two years after a devastating breakup, Brittini Mitchell has moved on from Justin Avery—or so she tells herself. But when she returns to Seattle for her best friend's engagement party, Brittini finds herself the victim of a disastrously timed elevator breakdown. She's trapped with the last person she wants to face, and forced to recount the past she desperately wants to forget. She's going to have to look back... When Brittini left her podunk hometown for a big city college experience at the University of Washington, hooking up with a guy like Justin Avery was not part of her plan. Between Justin's attention-grabbing tattoos, cigarette smoking, and bad boy attitude Brittini quickly chalked him up as "Mr. Wrong." But his charm was unrelenting, and Brittini's decision to give Justin a chance quickly turned into the worst choice she ever made. So that she might be able to move forward. Now she's stuck with Justin—literally—and the complicated web of misunderstandings that tied up the truth for two years is about to unravel.

Our Furry Son Jul 16 2021 Our Furry Son is a short story about Lio, a little kitten lost in the city, who is taken to an animal shelter, where there are only two alternatives: adoption or death. Just when he was losing hope, he is adopted by a woman and her husband who become his saving angels. The kitten has a special charisma, and some mysterious behaviors. He shows his gratitude by a profound love, so much so, that his parents cannot help but feel moved. They share emotions and experiences that make them a real family. The parents learn to understand his language and how to take care of him. Lio becomes the child that they never had and are grateful to life for this wonderful gift.

Wrestling with God and Men Aug 29 2022 For millennia, two biblical verses have been understood to condemn sex between men as an act so abhorrent that it is punishable by death. Traditionally Orthodox Jews, believing the scripture to be the word of God, have rejected homosexuality in accordance with this interpretation. In 1999, Rabbi Steven Greenberg challenged this tradition when he became the first Orthodox rabbi ever to openly declare his homosexuality. Wrestling with God and Men is the product of Rabbi Greenberg's ten-year struggle to reconcile his two warring identities. In this compelling and groundbreaking work, Greenberg challenges long held assumptions of scriptural interpretation and religious identity as he marks a path that is both responsible to human realities and deeply committed to God and Torah. Employing traditional rabbinic resources, Greenberg presents readers with surprising biblical interpretations of the creation story, the love of David and Jonathan, the destruction of Sodom, and the condemning verses of Leviticus. But Greenberg goes beyond the question of whether homosexuality is biblically acceptable to ask how such relationships can be sacred. In so doing, he draws on a wide array of nonscriptural texts to introduce readers to occasions of same-sex love in Talmudic narratives, medieval Jewish poetry and prose, and traditional Jewish case law literature. Ultimately, Greenberg argues that Orthodox communities must open up debate, dialogue, and discussion—precisely the foundation upon which Jewish law rests—to truly deal with the issue of homosexual love. This book will appeal not only to members of the Orthodox faith but to all religious people struggling to resolve their belief in the scriptures with a desire to make their communities more open and accepting to gay and lesbian members. 2005 Finalist for the Lambda Literary Awards, for Religion/Spirituality

Her True Saving Angel - Part 1 Oct 31 2022 Introductions are in order. My name is Sulli, I, Believe it or not, am an Angel. Sigh, I'm an angel of love. Well, I was an Angel, before I uh, Fell. Yeah, capital F. I fucked up and was tossed out. Now I'm here, hanging out in Las Angeles. You understand the irony in that, right? Well if you do, then good. If not, well, Fuck you. I'm immortal, still, and I've lived for quite some time. A couple hundred thousand years or so. Nothing to sneeze at, still in my prime. However, in an attempt to regain my favor with the big G, I started a small business. It's called Happiness Inc. and all-in-all, I've grown attached to the job. And now I run it full time, and I could care a less about getting back within Heaven's Gates. It was more work for me to do up there anyways. So now I get clients, and those clients are looking for happiness. Most of them want some pretty obvious stuff, some want money, some want drugs, some want sex, the usual. I oblige all--minus the drugs--until they are happy again. It's my job. Literally. But, thanks to my super awesome Angel powers, money is never an issue. However, My job is more than it seems on the surface, one other gift I was allowed to keep, was my Mortality Inert Timing Sight (I called it MITS for short) and it allowed me to see your clock. Yeah, your life clock. How many days, hours, minutes, and seconds you have until you expire. Another nifty thing is I can alter it, with my actions. Let's say you have two days before your depression leads you to kill yourself. Well, I can help you with your depression, and so then you don't kill yourself. Boom, an extra hundred days or whatever. That's what I truly enjoy doing. I'm part of the reason humans are here, why not do my best to keep them that way? That's my logic at least.

The Werewolf Jan 10 2021 The Werewolf is a boldly drawn novel of the tyranny of love over men and women and the unending trials of strength between good and evil in human nature. Its main characters are of heroic stature yet deeply flawed, moving against the backdrop of Norwegian society from World War I to the 1960s. Over the novel broods the symbol of the Werewolf, which for Sandemose represents all the forces hostile to a full, free life--the thirst for power over others' lives, the lust to destroy what cannot be possessed or controlled. In their private encounters with the Werewolf, few can claim total victory. Sandemose's characters all bear the scars of lost battles.

The Boy Who Wanted Too Much Jan 22 2022 The Boy Who Wanted Too Much is a collection of poems that form a story. There is prose to support the poetry and frame the story but at its heart, poetry is the key. Subject matter touches upon the realms of myth, religion, fantasy, the human condition and love. Each poem speaks with the authors unique voice. Book Review Author 'reaches into his soul' to explore life,love Hillside poet 'reaches out' to readers in his first book When one dis deep enough into one's feelings, dreams, thoughts and experiences, one can create a poetic effect. And the poetic effect, literally speaking, for Greg L. Hines of Hillside, has emerged into a book called "The Boy Who Wanted Too Much". Hines has introduced an interesting compilation of poetry and prose, examining his own apparent state of growing into He has constructed his deepest dreams of reality into a manuscript that is separated in three sections: "The House of Emasculation", "Fairy Dust" and the final section, which is titled "The Pleasure Letters." And in all three, he reaches into his innermost soul to decipher and to understand all that is happening to him in life and love. Some of the poems that Hines has included in the book are extremely well written and find their way into a persons's heart and soul. Others, however, appear to have been written just for the moment- and then cast aside. Hines, in a comment from the author in his opening pages, explains that "...this is a novel written in a new writing form...developing...over a period of five years. It is known as an abstracted reality." He begins the book with a poem, "The Boy Who Wanted Too Much," and an introduction that says it all. He writed of enemies, lost dreams, girls, angels, love, fear, hate, lust, God and peace, ecstacy, doom -- every emotion that, through the growing years, turns a boy into a man, And as a man, he struggles with all these confrontations. Hines reaches out to his readers to have them delve into their own feelings from boyhood to manhood and to know just what it is really like to grow up and face the world of reality. "The Boy Who Wanted Too Much" is well worth perusing. Some of the poetry actually sounds as if Hines had lyrics in mind for songs to be written. And this reviewer really would'nt mind if it is placed on the shelf in a new category of poetry. It will, however, need more of its kind upon which to lean. --Bea Smith editorial@thelocalsource.com Article About the Book Poet 'grew with his material' for first book By Bea Smith Staff Writer The reason it took Greg L. Hines of Hillside 10 years to write "The Boy Who Wanted Too Much," a book of emotional poetry, was because he grew along with the material. "Actually," Hines explained, "I started writing the book when I was younger, in my early 20s. I wanted to be as authentic as possible. And as my perspective changed, so did the character of the book. I call it a novel of abstract reality. It felt like a story although not one that read from A to B." Hines, who is a musician by profession, mentioned that "I've been writing since I was 9 years old. And with a book such as this, for me, a lot of it had to do with my life experiences. It was pretty much a way of getting my feelings out and coping with a lof of things I had going on then. With "The Boy Who Wanted Too Much, 'you can come away with the exact same story.'" Hines said he takes great pride in the fact that "this is my first published work, even though it is self published by my own publishing company. Hardkandy Publishing, here in Hillside." He also publishes his own music through Hardkandy Records Inc. "I'm self-employed, have my own record label, and m

Figure of Faust in Valéry and Goethe Nov 27 2019 This book interprets Mon Faust and explores the differences between Valéry's and Goethe's treatments of the Faust figure. The author shows by close analysis how Valéry opposes a Cartesian, anti-Pascalian Faust to Goethe's romantically flawed hero. The title of the project conceived by Valéry's Faust, The Mind's Body-part autobiography, part metaphysical treatise-embodies the Cartesian dilemma ironically illustrated by the Mon Faust fragments: the misfortunes of the thinking essence, the cogito, in its subjugation to the body. The first three chapters examine the Cartesian character of a Faust engaged in superhuman but vain attempts to reconcile the intellect and the libido. A fourth chapter discusses the differences between Goethe's and Valéry's protagonists and as well between Goethe and his Faust. Throughout the book the author explores Valéry's linguistic experimentation, which, through charades, paranomasia, onomastics, and etymological puns, brings into full play the mystifying and mythologizing aspects of language. To resolve the stylistic problems associated with this fragmentary work the author adapts the tone of his exegesis to the diverse stylistic levels of Mon Faust. His analysis illuminates the Cartesian potential inherent in Valéry's protagonist. Originally published in 1976. Asian Migrants and Religious Experience May 14 2021 Typically, scholars approach migrants' religions as a safeguard of cultural identity, something that connects migrants to their communities of origin. This ethnographic anthology challenges that position by reframing the religious experiences of migrants as a transformative force capable of refashioning narratives of displacement into journeys of spiritual awakening and missionary calling. These essays explore migrants' motivations in support of an argument that to travel inspires a search for new meaning in religion.

Saving Angels Sep 29 2022 On Jan. 12, 1996, 9 year old Amber Hagerman was abducted riding her bike in her Grandmother small Texas town. Amber is just a faded news story in most parts of this country; the Amber alert program was named after her. Jessica Lunsford was 9 years old when she was abducted from her own home in central Florida. The authorities found her body in a neighbor's yard. She was held captive in a closet raped and buried alive. When they unearthed her body she was clutching a stuffed purple dolphin her daddy won for her just days earlier at the county fair. 12 year old Polly Klaas was having a sleep over at her house with her 3 best friends. The girls were giggling and playing a board game called Perfect Match when Polly decided it was time to fetch her friends' sleeping bags from the living room. She opened the bedroom door and saw a heavily muscled middle-aged man who was a complete stranger. He was holding a knife and he immediately ordered, "Don't scream or I'll cut your throats!" That was the last that anyone ever saw Polly alive again. 3 little girls whose lives were cut short by the monsters of this world. We will look at each case and examine the facts to get a better understanding on how these monsters operate. We will also learn about ways to protect your own children and those children around you from the monsters of our society. If you never read one book for yourself in your entire life, then read this one for your children's life.

Civilization in the 5th Century Feb 20 2022 Doubtless fascinating to watch the genius of a people burst forth under a burning or an icy sky, on virgin soil, or in historic land, yield to the impress of contemporary events, and put forth its first blossoms in those epic traditions or in those familiar songs, which still retain all the uncultured perfume of nature. But beneath that popular poetry wherein the great nations of Europe have shown all the variety of their respective characters, we perceive a literature which is learned but common to all alike, and a depository of the theological, philosophical, and political doctrines which moulded for eight hundred years the education of Christendom. Let us study that common education, and consider the modern nations, no longer in that isolation to which the special historian of England or of Italy condemns himself, but in the spirit of that fruitful intercourse marked out for them by Providence, tracing the history of literature up to the Middle Age, by reascending to that obscure moment which beheld letters escaping from the collapse of the old order, and thence following it through the schools of the barbarous epoch, till the new settlement of the nations, and its egress from those schools to take modern languages in possession.
