Maidenhair Sep 27 2022 Day after day the Russian asylum-seekers sit across from the interpreter and Peter - the Swiss officers who guard the gates to paradise - and tell of the atrocities they've suffered, or that they've invented, or heard from someone else. These stories of escape, war, and violence intermingle with the interpreter's own reading: a history of an ancient Persian war; letters sent to his son 'Nebuchadnezzasaurus,' ruler of a distant, imaginary childhood empire; and the diaries of a Russian singer who lived through Russia's wars and revolutions.

[Freedom of Speech in Russia](#) Jan 07 2021 This book traces the life of free speech in Russia from the final years of the Soviet Union to the present. It shows how long-cherished hopes for an open society in which people would speak freely and tell truth to power fared under Gorbachev's glasnost; how free speech was a real, if fractured, achievement of Yeltsin's years in power; and how easy it was for Putin to reverse these newly won freedoms, imposing a 'patrimonial' media that sits comfortably with old autocratic and feudal traditions. The book explores why this turn seemed so inexorable and now seems so entrenched. It examines the historical legacy, and Russia's culturally ambivalent perception of freedom, which Dostoyevsky called that 'terrible gift'. It evaluates the allure of western consumerism and Soviet-era illusions that stunted the initial promise of freedom and democracy. The behaviour of journalists and their apparent complicity in the distortion of their profession come under scrutiny. This ambitious study covering more than 30 years of radical change looks at responses 'from above' and 'from below', and asks whether the players truly understood what was involved in the practice of free speech.

Collaborative Translation Sep 22 2019 For centuries, the art of translation has been misconstrued as a solitary affair. Yet, from Antiquity to the Middle Ages, groups of translators comprised of specialists of different languages formed in order to transport texts from one language and culture to another. Collaborative Translation uncovers the collaborative practices occluded in Renaissance theorizing of translation to which our individualist notions of translation are indebted. Leading translation scholars as well as professional translators have been invited here to detail their experiences of collaborative translation, as well as the fruits of their research into this neglected form of translation. This volume offers in-depth analysis of rich, sometimes explosive, relationships between authors and their translators. Their negotiations of cooperation and control, assistance and interference, are shown here to shape the translation of prominent modern authors such as G ü nter Grass, Vladimir Nabokov and Haruki Murakami. The advent of printing, the cultural institutions and the legal and political environment that regulate the production of translated texts have each formalized many of the inherently social and communicative practices of translation. Yet this publishing regime has been profoundly disrupted by the technologies that are currently revolutionizing collaborative translation techniques. This volume details the impact that this technological and environmental evolution is having upon the translator, proliferating sites and communities of collaboration, transforming traditional relationships with authors and editors, revisers, stage directors, actors and readers.

The Light and the Dark Apr 22 2022 The only author to win all three major Russian literary prizes (including the Russian Booker Prize), Mikhail Shishkin is one of the most acclaimed contemporary Russian literary figures. The Guardian said of Shishkin's writing: "richly textured and innovative. . . arguably Russia's greatest living novelist." The Wall Street Journal raved that "Shishkin has created a bewitching potion of reality and fantasy, of history and fable, and of lonely need and joyful consolation. An exquisite novel... His sovereignty is over the invisible and the timeless. Mr. Shishkin traces this sad story with great beauty and finesse." In The Light and the Dark Shishkin has created an evocative love story of two young lovers, Vladimir, a soldier fighting the Boxer Rebellion, and Alexandra. Known fondly to each other as Vovka and Sashka, the two young lovers sustain their love by writing passionate letters to each other. But as their correspondence continues, it becomes clear that the couple's separation is chronological as well as geographical--that their extraordinary romance is actually created out of, as well as kept alive by, their yearning epistolary exchange, which defies not only space but time. With this contrapuntal literary testament to the delirious, transcendent power of love, Mikhail Shishkin--the most celebrated Russian author of his generation--has created a masterpiece of modern fiction.

Briefsteller Jan 19 2022 Eine Liebe ü ber die Zeiten hinweg Eine Frau, ein Mann, eine Sommerliebe. Sascha und Wolodja werden durch einen Krieg getrennt und k ö nnen sich nur Briefe schreiben. Sie erz ä hlen einander darin von allem und jedem: von Kindheit, Familie, Alltag, von Freud und Leid. Ein normaler Briefwechsel zweier Liebender – bis sich beim Leser Zweifel regen und klar wird, dass die Zeit der beiden ver r ü ckt ist, dass sie durch Raum und Zeit getrennt sind. Sie lebt in der Gegenwart, er k ä mpft im Boxeraufstand zu Beginn des 20. Jahrhunderts gegen chinesische Rebellen. Er stirbt in einem der ersten Gefechte dieses halb vergessenen Krieges, aber seine Briefe kommen weiterhin an. Sie heiratet, verliert ein Kind – und schreibt ihm unbeirrt weiter, als ob eine Parallelwelt best ü nde, als ob die Zeit keine Rolle spielte, ebenso

wenig wie der Tod. Ein großer, anrührender Liebesroman, der die grundlegenden Fragen der menschlichen Existenz behandelt und der durch die Macht des Wortes die Gesetze von Zeit und Raum außer Kraft setzt.

The Edge Apr 10 2021 The size of western armed forces, their stocks of weaponry and their readiness for combat are declining. Meanwhile, growing nationalism is hampering international cooperation and fuelling conflict everywhere. The west's will - as well as its capability - to shape the world is ebbing away. Beset by economic woes, western countries are continuing the post-Cold War process of disarmament at the very moment that many believe a new Cold War is starting. NATO members have compared Vladimir Putin's foreign policy to that of Adolf Hitler, newly empowered groups such as ISIS, not to mention some governments, are tearing up the rulebook of acceptable international behaviour, and the military prowess that the western world once regarded as its prerogative is being dwarfed by countries like India and China. Tightly argued by Newsnight's diplomatic and defence editor Mark Urban, THE EDGE is a sharp polemic that breaks new ground in examining the workings and consequences of these geo-political tectonics, and shows just how rapidly the balance of power has been upended.

Challenge to Mars Aug 22 2019 The fourteen essays in Part I look at the interwar years, which gave rise to an array of pacifist organizations, both religious and humanist, throughout Europe and North America. Twelve essays in Part II deal with the brutal challenge to pacifist ideals posed by the Second World War and include a look at the fate of those courageous Germans who refused to fight for Hitler.

Reading Russia, vol. 2 Feb 26 2020 Scholars of Russian culture have always paid close attention to texts and their authors, but they have often forgotten about the readers. These volumes illuminate encounters between the Russians and their favorite texts, a centuries-long and continent-spanning "love story" that shaped the way people think, feel, and communicate. The fruit of thirty-one specialists' research, Reading Russia represents the first attempt to systematically depict the evolution of reading in Russia from the eighteenth century to the present day. The second volume of Reading Russia considers the evolution of reading during the long nineteenth century (1800-1917), particularly in relation to the emergence of new narrative and current affairs publications: novels, on the one hand, and daily newspapers, weekly magazines and thick journals, on the other. The volume examines how economic and social transformations, technological progress and the development of the publishing industry taking place in Russia gradually led to a significant expansion of the reading public. At the same time, in part due to the influence of new literature reading policies in schools, there was a greater cultural standardisation of Russian society, which was partially opposed by new forms of poetic reading.

Oblomov Nov 17 2021 Set at the beginning of the nineteenth century, before the ideal of industrious modern man, when idleness was still looked upon by Russia's serf-owning rural gentry as a plausible and worthy goal, there was Oblomov. Indolent, inattentive, incurious, given to daydreaming and procrastination—indeed, given to any excuse to remain horizontal—Oblomov is hardly the stuff of heroes. Yet, he is impossible not to admire. He is forgiven for his weakness and beloved for his shining soul. Ivan Goncharov's masterpiece is not just ingenious social satire, but also a sharp criticism of nineteenth-century Russian society. Translator Marian Schwartz breathes new life into Goncharov's voice in this first translation from the generally recognized definitive edition of the Russian original, and the first as well to attempt to replicate in English Goncharov's wry humor and all-embracing humanity, chosen by Slate as one of the Best Books of 2008.

My Russia: War Or Peace? Oct 16 2021 In his timely new book, Mikhail Shishkin, argues that Russia is not a 'riddle wrapped in a mystery inside an enigma': we just don't know enough about it. So what is the real story behind Putin's autocratic regime and its invasion of Ukraine? In My Russia: War or Peace? Shishkin traces the roots of Russia's problems, from the 'Kievan Rus' via the Grand Duchy of Moscow, empire, revolution and Cold War, to the now thirty-year-old Russian Federation. He explores the uneasy relationship between state and citizens, explains Russian attitudes to people's rights and democracy, and proposes that there are really two Russian peoples: the disillusioned and disaffected, who suffer from 'slave mentality', and those who embrace 'European' values and try to stand up to oppression. Both deeply personal and taking a broader historical view, My Russia is a passionate, eye-opening account of a state entangled in a complex and bloody past, as well as a love letter to a conflicted country. Will Russia continue its vicious circle of upheaval and autocracy, or will its people find a way out of history - and how can we help?

Russian Literature, 1995-2002 Jul 25 2022 Despite the many challenges besetting it, Shneidman argues convincingly that literary activity in Russia continues to be dynamic and vibrant.

A History of Russian Literature Mar 21 2022 Russia possesses one of the richest and most admired literatures of Europe, reaching back to the eleventh century. A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day, still rife with the creative experiments of post-Soviet literary life. The volume proceeds chronologically in five parts, extending from Kievan Rus' in the 11th century to the present day. The coverage strikes a balance between extensive overview and in-depth thematic focus. Parts are organized thematically in chapters, which a number of keywords that are important literary concepts that can serve as connecting motifs and 'case studies', in-depth discussions of writers, institutions, and texts that take the reader up close and. Visual material also underscores the interrelation of the word and image at a number of points, particularly significant in the medieval period and twentieth century. The History addresses major continuities and discontinuities in the history of Russian literature across all periods, and in particular bring out trans-historical features that contribute to the notion of a national literature. The volume's time-range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries, space, Holy Russia, and the charismatic king that offers culturally relevant material to later writers. This volume delivers a fresh view on a series of key questions about Russia's literary history, by providing new mappings of literary history and a narrative that pursues key concepts (rather more than individual authorial careers). This holistic narrative underscores the ways in which context and text are densely woven in Russian literature, and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures, historical events and literary politics, literary theory and literary innovation.

Accelerating Academia Jan 27 2020 Filip Vostal examines the changing nature of academic time, and analyzes the 'will to accelerate' that has emerged as a significant cultural and structural force in knowledge production.

Reading and Expressive Writing with Traumatized Children, Young Refugees and Asylum Seekers Oct 24 2019 Unpack my Heart with Words explores how literature can be used to help young victims cope with their experiences. The process of reading, discussing and rewriting carefully selected texts can have a significant therapeutic impact, as the young person identifies his or her own experience in the narrative. This book guides readers through all aspects of implementing biblio/narrative therapy with children and adolescents, from the importance of cultural sensitivity and understanding the psychological needs of the child to providing more practical information on how to choose the right text and encourage expression through the spoken and written word. It includes exercises for use in sessions, an analysis of the importance of symbol when working therapeutically with children, and a complete account of the ethics of good practice. Drawing on the author's innovative work with young asylum seekers and refugees, and with an overview of the latest research in creativity, language and memory, the book provides a comprehensive and practical resource on the use of literature to help young victims regain their dignity and overcome the overwhelmed hurt self. This book will be of immeasurable value to students and practitioners world-wide in arts and health care who work with

traumatised young people, including counsellors, clinical psychologists, educational psychologists, teachers, psychotherapists and social workers.

Cultural Practices of Victimhood May 31 2020 Cultural Practices of Victimhood aims to set the agenda for a cultural study of victimhood. Words such as 'victim' and 'victimhood' represent shifting cultural signifiers, their meaning depending on the cultural context of their usage. Using case studies and through a practice-based approach, questions are asked about how victimhood is defined and constructed, whether in the ritual commemoration of refugees on Lampedusa, the artistic practices of an Aboriginal artist such as Richard Bell, or the media practices associated with police violence. Consisting of contributions by cultural studies experts with an interest in victim studies, this book seeks a double readership. On the one hand, it intends to break new ground with regards to a 'cultural turn' in the field of criminology, in particular victimology. On the other hand, it also seeks to open up discussions about a 'victimological turn' in culture studies. The volume invites scholars and advanced students active in both domains to reflect on victimhood in cultural practices.

Lyric Complicity Dec 26 2019 Blending close literary analysis with social and cultural history, Daria Khitrova shows how poetry lovers of the period all became nodes in a vast network of literary appreciation and constructed meaning. Poetry during the Golden Age was not a one-way avenue from author to reader. Rather, it was participatory, interactive, and performative.

Redefining Russian Literary Diaspora, 1920-2020 Jun 19 2019 Over the century that has passed since the start of the massive post-revolutionary exodus, Russian literature has thrived in multiple locations around the globe. What happens to cultural vocabularies, politics of identity, literary canon and language when writers transcend the metropolitan and national boundaries and begin to negotiate new experience gained in the process of migration? Redefining Russian Literary Diaspora, 1920-2020 sets a new agenda for the study of Russian diaspora writing, countering its conventional reception as a subsidiary branch of national literature and reorienting the field from an excessive emphasis on the homeland and origins to an analysis of transnational circulations that shape extraterritorial cultural practices. Integrating a variety of conceptual perspectives, ranging from diaspora and postcolonial studies to the theories of translation and self-translation, World Literature and evolutionary literary criticism, the contributors argue for a distinct nature of diasporic literary expression predicated on hybridity, ambivalence and a sense of multiple belonging. As the complementary case studies demonstrate, diaspora narratives consistently recode historical memory, contest the mainstream discourses of Russianness, rewrite received cultural tropes and explore topics that have remained marginal or taboo in the homeland. These diverse discussions are framed by a focused examination of diaspora as a methodological perspective and its relevance for the modern human condition.

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Jun 12 2021 "The aim of this book is to explore some of the main pre-occupations of literature, culture and criticism dealing with historical themes in post-Soviet Russia, focusing mainly on literature in the years 1991 to 2006." --introd.

The Finno-Ugric Republics and the Russian State Apr 29 2020 First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Walpurgis Night, or the Steps of the Commander Sep 03 2020 *Walpurgis Night*, by acclaimed Russian writer Venedikt Erofeev, is considered a classic in the playwright's homeland. Erofeev's dark and funny five-act satire of Soviet repression has been called the comic high-water mark of the Brezhnev era. *Walpurgis Night* dramatizes the outrageous trials of Lev Isakovich Gurevich, an alcoholic half-Jewish dissident poet confined by the state to a hospital for the insane. In "Ward 3"—a microcosm of repressive Soviet society—Gurevich deploys his brilliant wit and ingenuity to bedevil his jailers, defend his fellow inmates, protest his incarceration, and generally create mayhem, which ultimately leads to a tragedy of Shakespearean proportions./DIV

Negotiating Identities in Nordic Migrant Narratives Jul 13 2021 This edited volume takes an interdisciplinary approach to the question of how identities are negotiated and a sense of belonging established in a world of increasing migration and diversity. Transcending field-specific approaches and differences in foci, the authors investigate how identity is constructed and mediated in face-to-face interactions (in real time and fictional writing), how writers use narratives to express their reorientation and their identity negotiation in a new homeland, and how material objects convey layered meaning to identity and belonging. This engagement with spoken, written and material mediation of identity resonates with recent sociolinguistic investigations on how language is connected to and intersects with embodiment, materiality and time. The volume will be of interest to students and scholars of globalisation and migration studies, sociolinguistics and narrative analysis, anthropology and cultural studies. Pia Lane is Professor of Multilingualism at the Center for Multilingualism in Society across the Lifespan (MultiLing), University of Oslo, Norway, and her research interests include narrative analysis, language policy, language shift and language revitalisation. She edited *Standardizing Minority Languages* (with Costa and De Korne) and is co-editor-in-chief of *Linguistic Minorities in Europe*. Bjrgild Kjelsvik is Associate Professor of Norwegian Language at the Department of Teacher Education, NLA University College, Oslo, Norway. She holds a PhD in Linguistics. Her research interests include discourse analysis, linguistic anthropology and narrative analysis. She has published research on asylum interviews as oral narratives. Im Auge des Betrachters Sep 15 2021 » Ein anregendes und vielseitiges Buch, in dem Wissenschafts- und Zeitgeschichte zusammenfließen. « (Manuela Lenzen, FAZ) Damion Searls faszinierende Mischung aus Biografie und Kulturgeschichte, basierend auf unveröffentlichten Briefen, Tagebuchaufzeichnungen und einem Fundus von bisher nicht bekannten Interviews mit Familie, Freunden und Kollegen, erzählt zum ersten Mal die Geschichte Hermann Rorschachs und seines emblematischen Tests. Rorschach, ein Schüler C.G. Jung's, arbeitet in einer abgelegenen Klinik in den Schweizer Bergen als Psychiater, ist aber auch interessiert an den aktuellen künstlerischen Bewegungen seiner Zeit. Er ist davon überzeugt, was uns ausmacht, ist weniger, was wir sagen, sondern was wir sehen. 1917 entwickelt er, basierend auf dieser Annahme einen Test: einen Satz von zehn sorgfältig gestalteten Tintenklecksbildern, um die Persönlichkeit des Betrachters auszuloten. Rorschach starb im Alter von nur 37 Jahren - den weltweiten Siegeszug seines Tests hat er nicht mehr erlebt. Nach Pearl Harbour wurde der Rorschach-Test als Eignungstest für die US-Army eingeführt, in den Nürnberger Prozessen ebenso angewandt wie im Dschungel von Vietnam. Nicht unumstritten wird er bis heute in vielen Ländern eingesetzt. Auch kulturell hat der Test seine Spuren hinterlassen: Ob Werbung, Hollywoodfilm oder Andy Warhol - an dem ikonenhaften Test kam niemand vorbei.

Entlang den Gräben Aug 14 2021 Ein immer noch fremd anmutendes, von Kriegen und Katastrophen zerklüftetes Gebiet beginnt östlich von Deutschland und erstreckt sich über Russland bis zum Orient. Navid Kermani ist entlang den Gräben gereist, die sich gegenwärtig in Europa neu auf tun: von seiner Heimatstadt Köln nach Osten bis ins Baltikum und von dort südlich über den Kaukasus bis nach Isfahan, die Heimat seiner Eltern. Mit untrüglichem Gespür für sprechende Details erzählt er in seinem Reisetagebuch von vergessenen Regionen, in denen auch heute Geschichte gemacht wird. Navid Kermani ist im Auftrag des SPIEGEL von seiner Heimatstadt Köln durch den Osten Europas bis nach Isfahan, die Heimat seiner Eltern, gereist. Die Reise führte ihn mitten durch den jüdischen « Ansiedlungsrayon » der Zarenzeit, die « Bloodlands » des Zweiten Weltkriegs, am Riss zwischen Ost und West entlang, wo der Kalte Krieg längst nicht zu Ende ist und im Donbass zum heißen Krieg wird. Er hat die Trümmer zerstörter Kulturen und die Spuren alter wie neuer Verwüstungen gesehen. Vor allem hat er Menschen getroffen, die innerlich zerrissen sind, weil sie sich auf der Suche nach Heimat und Wohlstand auf eine Seite schlagen müssen. Mit wenigen Strichen lässt er das Nachleben der Großstädte lebendig werden, Geschichte wie zu Sowjetzeiten, hippe Cafés, die Gelassenheit in Frontlinie und die Angst vor den anderen, wer immer das ist. "Das Beispiel von Navid Kermani zeigt, wie voraussetzungsreich eine Autorschaft gemacht sein muß, wie vielfach gebrochen, marginalisiert, davon betäubt und zugleich euphorisiert, wie sehr, bei aller Kritik, weltbegeistert sie sein muß, daß sie sich die Rolle des politischen Schriftstellers, die auch besonders schön leuchtet, zutrauen darf." Rainald Goetz, Dankesrede zur Verleihung des Büchner-Preises 2015

Anna Karenina Aug 02 2020 Tolstoy produced many drafts of Anna Karenina. Crafting and recrafting each sentence with careful intent, he was anything but casual in his use of language. His project, translator Marian Schwartz observes, "was to bend language to his will, as an instrument of his aesthetic and moral convictions." In her magnificent new translation, Schwartz embraces Tolstoy's unusual style—she is the first English language translator ever to do so. Previous translations have departed from Tolstoy's original, "correcting" supposed mistakes and infelicities. But Schwartz uses repetition where Tolstoy does, wields a judicious cliché when he does, and strips down descriptive passages as he does, re-creating his style in English with imagination and skill. Tolstoy's romantic Anna, long-suffering Karenin, dashing Vronsky, and dozens of their family members, friends, and neighbors are among the most vivid characters in world literature. In the thought-provoking Introduction to this volume, Gary Saul Morson provides unusual insights into these characters, exploring what they reveal about Tolstoy's radical conclusions on romantic love, intellectual dishonesty, the nature of happiness, the course of true evil, and more. For readers at every stage—from students first encountering Anna to literary professionals revisiting the novel—this volume will stand as the English reader's clear first choice.

Culture and Entertainment in Wartime Russia Jul 01 2020 "This lively and often moving collection of essays is an important contribution to Western scholarship on Soviet society and culture during the Second World War.... [a] straightforward but lively description of cultural life, unhampered by excessive interpretation or cultural theory. For all those who love Russia's cultural heritage, these essays cast a welcome spotlight on some of the people and pockets of life from that tragic but compelling time." —Canadian Slavonic Papers "Enjoyable to read and accessible to the nonspecialist, Culture and Entertainment is not only an indispensable addition to any Soviet studies library but will prove valuable to anyone interested in or teaching courses on World War II, propaganda and popular culture, homefront politics, or the interaction between cultural creation and governmental power." —Journal of Modern History "This comprehensive recollection of articles goes beyond cultural history, and provides an original approach to the study of war. War, we learn, is fought on many fronts, and the cultural one should not be underestimated." —SAIS Review "... takes the reader to the heart of the patriotic struggle, to the cultural and spiritual imperatives that roused Russian resistance." —Canadian Military History "This collection... furthers knowledge of Soviet high and popular culture, and also demonstrates the extremely important role that cultural productions played in helping to maintain Soviet spirits in the midst of the Nazi onslaught." —Choice "This anthology of scholarly articles provides surprising insights into Soviet cultural propaganda during the Great Patriotic War." —War, Literature and the Arts "... the essays here provide much food for thought and constitute a valuable addition to a relatively neglected area of study." —The Slavonic Review World War II (The Great Patriotic War) had a pronounced cultural and emotional impact on the Russian people. The subjects of these essays range from the Moscow press to frontline correspondents, from entertainment brigades to amateur songs by fighting men and women, from symphonic compositions to revivals of literary classics, and from Moscow stages to folk ensembles on the battlefield—the cultural outpourings in the hearts and souls of ordinary Russians at war.

Jews and Muslims in the Russian Empire and the Soviet Union Jul 21 2019 The Russian Empire and the Soviet Union were multiethnic and multireligious empires, which ruled over a large number of Jews and Muslims. In many ways these two non-Christian minorities presented

similar challenges to the imperial order. Which policies did the state pursue toward Jews and Muslims? How did Jews and Muslims attempt to advance their interests in the political sphere? Which role did they play in the imperial army? What did the Jewish and Muslim Enlightenment movements have in common? In which respects were the experiences of Jews and Muslims fundamentally different? This book brings together specialists in Russian-Jewish and Russian-Muslim history and offers perspectives for a comparative approach to the history of Jews and Muslims in Russia.

**Darwinian Heresies** Jun 24 2022 In *Darwinian Heresies*, which was originally published in 2004, prominent historians and philosophers of science trace the history of evolutionary thought, and challenge many of the assumptions that have built up over the years. Covering a wide range of issues starting in the eighteenth century, *Darwinian Heresies* brings us through the time of Charles Darwin and the Origin, and then through the twentieth century to the present. It is suggested that Darwin's true roots lie in Germany, not his native England, that Russian evolutionism is more significant than many are prepared to allow, and that the true influence on twentieth-century evolution biology was not Charles Darwin at all, but his often-despised contemporary, Herbert Spencer. The collection was intended to interest, to excite, to infuriate, and to stimulate further work.

**Venushaar** Oct 28 2022 Ein Glanzstück der zeitgenössischen russischen Literatur » Warum haben Sie Asyl beantragt? « Diese Frage muss er mehrfach täglich ins Russische übersetzen. Der namenlose Dolmetscher arbeitet für die Schweizer Einwanderungsbehörde und hört täglich zahllose Geschichten der Not, reale ebenso wie erfundene. Beim Übersetzen des fremden Leids legt sich seine eigene Lebensgeschichte wie eine zweite Schicht um die Worte, denn auch er ist ein Emigrant, der sich nach denen sehnt, die er nicht mehr um sich hat: nach seiner Frau und seinem Kind. Schischkin erzählte ein Jahrhundert russischer Geschichte und bettet das Leben des Dolmetschers in einen Kosmos der gesamten Weltkultur ein.

**Midnight in Siberia: A Train Journey into the Heart of Russia** Mar 09 2021 Travels with NPR host David Greene along the Trans-Siberian Railroad capture an overlooked, idiosyncratic Russia in the age of Putin. Far away from the trendy cafés, designer boutiques, and political protests and crackdowns in Moscow, the real Russia exists. *Midnight in Siberia* chronicles David Greene's journey on the Trans-Siberian Railway, a 6,000-mile cross-country trip from Moscow to the Pacific port of Vladivostok. In quadruple-bunked cabins and stopover towns sprinkled across the country's snowy landscape, Greene speaks with ordinary Russians about how their lives have changed in the post-Soviet years. These travels offer a glimpse of the new Russia—a nation that boasts open elections and newfound prosperity but continues to endure oppression, corruption, a dwindling population, and stark inequality. We follow Greene as he finds opportunity and hardship embodied in his fellow train travelers and in conversations with residents of towns throughout Siberia. We meet Nadezhda, an entrepreneur who runs a small hotel in Ishim, fighting through corrupt layers of bureaucracy every day. Greene spends a joyous evening with a group of babushkas who made international headlines as runners-up at the Eurovision singing competition. They sing Beatles covers, alongside their traditional songs, finding that music and companionship can heal wounds from the past. In Novosibirsk, Greene has tea with Alexei, who runs the carpet company his mother began after the Soviet collapse and has mixed feelings about a government in which his family has done quite well. And in Chelyabinsk, a hunt for space debris after a meteorite landing leads Greene to a young man orphaned as a teenager, forced into military service, and now figuring out if any of his dreams are possible. *Midnight in Siberia* is a lively travel narrative filled with humor, adventure, and insight. It opens a window onto that country's complicated relationship with democracy and offers a rare look into the soul of twenty-first-century Russia.

**Sasha Sokolov: The Life and Work of the Russian "Proet"** Dec 06 2020 Martina Napolitano explores the poetics of one of the most significant Russian authors of the 20th century. Sasha Sokolov's oeuvre represents a milestone in the development of Russian literature; his legacy can be traced in most prose and poetry appearing in post-Soviet Russia. Taking as point of departure the studies and analyses written so far and considering the new suggestions contained in Sokolov's last published book *Triptych* (2011), Napolitano further examines the keystones and the theoretical framework that arise from a close reading of Sokolov's works, trying to systematize the findings into what can be considered as a structured authorial theory of literary creation. The study demonstrates how Sokolov's oeuvre cannot be fully understood but within the widened perspective of inter-artistic creation: in fact, the writer, a "failed composer", as he admits, in his literary work has tried to draw natural and spontaneous connecting lines between the artificially categorized realms of art (word, sound, painting, performance). Finally, the book sets forth the first solid analysis of Sokolov's concept of *proeziia*, not merely a genre nor style of his own invention, but a more significant theoretical reflection of the writer about the role and value of literature, art, creation, and finally beauty.
