David Hilbert's Lectures on the Foundations of Geometry 1891-1902 Dec 26 2021 This volume contains six sets of notes for lectures on the foundations of geometry held by Hilbert in the period 1891-1902. It also reprints the first edition of Hilbert's celebrated *Grundlagen der Geometrie* of 1899, together with the important additions which appeared first in the French translation of 1900. The lectures document

the emergence of a new approach to foundational study and contain many reflections and investigations which never found their way into print.
