[The Preemptive Straw Man - A Critique of Sherman Alexie's "Toughest Indian in the World"](#). Sep 29 2022 Literature Review from the year 2010 in the subject English - Discussion and Essays, , course: Fiction, language: English, abstract: Homosexuality is like suicide. In the literary sense, I mean. Think about it. If you are reading a novel or short story and the main character just happens to off himself without foreshadowing, reason, or resultant purpose then it can safely be assumed that what you are reading is not very good. This is the case with the short story "Toughest Indian in the World," except substitute homosexuality for suicide and you get the idea. Lisa Tatonetti claims that homosexuality is a useful literary tool for illustrating character development, and I could not agree more. I just happen to disagree with her argument that Sherman Alexie is any good at using that tool (specifically in his short story "Toughest Indian in the World"). However, in contemporary analysis of the use of "controversial" themes such as homosexuality, critics like Tatonetti and Julie Bolt - and Alexie himself - dare you to criticize the work. Bolt, and Alexie, assert that if you criticize it then you are a homophobe. I assert that the problem is not with the homosexuality, it is how it is used; poorly, cheaply, etc. So I will criticize, not because I am a homophobe, but because if I do not criticize, then I am fearfully endorsing awful literature. Tatonetti posits that homosexuality - amongst other "queer" identities - have suffered in literature, especially Native American literature; "...critical investigations of this important body of literature are just now finding representation in scholarly forums on American Indian literature" (Tatonetti 35.2). Her brief analysis of recent queer Native American texts successfully illustrates how the "Toughest Indian" might come to be championed by those who wish to find important and significant queer identities in Native American literature. She then posits that homosexual identities are good vehicles to explore character transformation, and to this I agree. She also concludes that Sherman Alexie's homosexuality constructs in "Toughest Indian" are productive and successful ones; "I argue that the narrator's queer relationship to the fighter is situated as an avenue of transformation" (Tatonetti 35.2) While I can endorse her initial positions, I cannot disagree more with her conclusion. Her intention with this last quote is to argue that the homosexuality in "Toughest Indian" was used productively, however her reasons she offers in support of this claim mainly are derivatives of her first quote decrying the lack of queer identities.

Reservation Blues Apr 12 2021 A mythical and musical tale by the author of the short-story collection, *The Lone Ranger and Tonto Fistfight in Heaven*. The novel is about an American Indian, Catholic rock-and-roll band, and is a humorous and ultimately redemptive story about God, alcoholism, family, hunger, sex and death.

[The Columbia Guide to American Indian Literatures of the United States Since 1945](#) Jul 24 2019 The Columbia Guide to American Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context. Written by a team of noted Native and non-Native scholars, these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century, with particular emphasis on core themes of identity, sovereignty, and land. In his essay comprising part I of the volume, Eric Cheyfitz argues persuasively for the necessary conjunction of Indian literatures and federal Indian law from Apses to Alexie. Part II is a comprehensive survey of five genres of literature: fiction (Arnold Krupat and Michael Elliott), poetry (Kimberly Blaeser), drama (Shari Huhndorf), nonfiction (David Murray), and autobiography (Kendall Johnson), and discusses the work of Vine Deloria Jr., N. Scott Momaday, Joy Harjo, Simon Ortiz, Louise Erdrich, Leslie Marmon Silko, Gerald Vizenor, Jimmy Santiago Baca, and Sherman Alexie, among many others. Drawing on historical and theoretical frameworks, the contributors examine how American Indian writers and critics have responded to major developments in American Indian life and how recent trends in Native writing build upon and integrate traditional modes of storytelling. Sure to be considered a groundbreaking contribution to the field, *The Columbia Guide to American Indian Literatures of the United States Since 1945* offers both a rich critique of history and a wealth of new information and insight.

Ten Little Indians Dec 21 2021 "Sherman Alexie is an acclaimed and bestselling writer. In *Ten Little Indians* he offers eleven poignant and emotionally resonant stories about Native Americans who, like all Americans, find themselves at personal and cultural crossroads, faced with heartrending, tragic, sometimes wondrous moments of being that test their loyalties, their capacities, and their notions of who they are and whom they love. In 'The Life and Times of Estelle Walks Above', an intellectual feminist Spokane Indian woman saves the lives of dozens of white women all around her, to the bewilderment of her only child, now a grown man who looks back at his life with equal parts of fondness, amusement, and regret. In 'Do You Know Where I Am?' two college sweethearts rescue a lost cat - a simple act that has profound moral consequences for the rest of their lives together. In 'What You Pawn I Will Redeem', a homeless Indian man must raise \$1,000 in twenty-four hours to buy back the fancy dance outfit stolen from his grandmother fifty years earlier. Even as they often make us laugh, Sherman Alexie's stories are driven by a haunting lyricism and naked candour that cut to the heart of the human experience, shedding b

American Indians and Popular Culture [2 volumes] Aug 24 2019 Americans are still fascinated by the romantic notion of the "noble savage," yet know little about the real Native peoples of North America. This two-volume work seeks to remedy that by examining stereotypes and celebrating the true cultures of American Indians today. • Contributions from 47 distinguished scholars, writers, performers, and curators—both Native and non-Native—from the United States and Canada • Photos of contemporary powwows, historical figures, indigenous architecture, and contemporary and historical art • A comprehensive bibliography at the end of each chapter

The Toughest Indian in the World Oct 31 2022 In these stories we meet the kinds of American Indians we rarely see in literature---the upper and middle class, the professionals and white-collar workers, the bureaucrats and poets, falling in and out of love and wondering if they will make their way home. A Spokane Indian journalist transplanted from the reservation to the city picks up a hitchhiker, a Lummi boxer looking to take on the toughest Indian in the world. A Spokane son waits for his diabetic father to return from the hospital, listening to his father's friends argue over Jesus' carpentry skills as they build a wheelchair ramp. An estranged interracial couple, separated in the midst of a traffic accident, rediscover their love for each other. A white drifter holds up an International House of Pancakes, demanding a dollar per customer and someone to love, and emerges with forty-two dollars and an overweight Indian he dubs Salmon Boy. Alexie's is a voice of remarkable passion, and these stories are love stories - between parents and children, white people and Indians, movie stars and ordinary people. Witty, tender, and fierce, the toughest Indian in the world is a virtuoso performance.

You Don't Have to Say You Love Me Jul 04 2020 The Instant New York Times Bestseller Shortlisted for the Carnegie Medal for Excellence in Nonfiction A searing, deeply moving memoir about family, love, loss, and forgiveness from the critically acclaimed, bestselling National Book Award-winning author of *The Absolutely True Diary of a Part-Time Indian*. Family relationships are never simple. But Sherman Alexie's bond with his mother Lillian was more complex than most. She plunged her family into chaos with a drinking habit, but shed her addiction when it was on the brink of costing her everything. She survived a violent past, but created an elaborate facade to hide the truth. She selflessly cared for strangers, but was often incapable of showering her children with the affection that they so desperately craved. She wanted a better life for her son, but it was only by leaving her behind that he could hope to achieve it. It's these contradictions that made Lillian Alexie a beautiful, mercurial, abusive, intelligent, complicated, and very human woman. When she passed away, the incongruities that defined his mother shook Sherman and his remembrance of her. Grappling with the haunting ghosts of the past in the wake of loss, he responded the only way he knew how: he wrote. The result is a stunning memoir filled with raw, angry, funny, profane, tender memories of a childhood few can imagine, much less survive. An unflinching and unforgettable remembrance, *YOU DON'T HAVE TO SAY YOU LOVE ME* is a powerful, deeply felt account of a complicated relationship. One of the most anticipated books of 2017--Entertainment Weekly and Bustle

Red Matters Jun 02 2020 Arnold Krupat, one of the most original and respected critics working in Native American studies today, offers a clear and compelling set of reasons why red—Native American culture, history, and literature—should matter to Americans more than it has to date. Although there exists a growing body of criticism demonstrating the importance of Native American literature in its own right and in relation to other ethnic and minority literatures, Native materials still have not been accorded the full attention they require. Krupat argues that it is simply not possible to understand the ethical and intellectual heritage of the West without engaging America's treatment of its indigenous peoples and their extraordinary and resilient responses. Criticism of Native literature in its current development, Krupat suggests, operates from one of three critical perspectives against colonialism that he calls nationalism, indigenism, and cosmopolitanism. Nationalist critics are foremost concerned with tribal sovereignty, indigenist critics focus on non-Western modes of knowledge, and cosmopolitan critics wish to look elsewhere for comparative possibilities. Krupat persuasively contends that all three critical perspectives can work in a complementary rather than an oppositional fashion. A work marked by theoretical sophistication, wide learning, and social passion, *Red Matters* is a major contribution to the imperative effort of understanding the indigenous presence on the American

continents.

Read, Listen, Tell Dec 29 2019 "Don't say in the years to come that you would have lived your life differently if only you had heard this story. You've heard it now." —Thomas King, in this volume *Read, Listen, Tell* brings together an extraordinary range of Indigenous stories from across Turtle Island (North America). From short fiction to as-told-to narratives, from illustrated stories to personal essays, these stories celebrate the strength of heritage and the liveliness of innovation. Ranging in tone from humorous to defiant to triumphant, the stories explore core concepts in Indigenous literary expression, such as the relations between land, language, and community, the variety of narrative forms, and the continuities between oral and written forms of expression. Rich in insight and bold in execution, the stories proclaim the diversity, vitality, and depth of Indigenous writing. Building on two decades of scholarly work to centre Indigenous knowledges and perspectives, the book transforms literary method while respecting and honouring Indigenous histories and peoples of these lands. It includes stories by acclaimed writers like Thomas King, Sherman Alexie, Paula Gunn Allen, and Eden Robinson, a new generation of emergent writers, and writers and storytellers who have often been excluded from the canon, such as French- and Spanish-language Indigenous authors, Indigenous authors from Mexico, Chicana/o authors, Indigenous-language authors, works in translation, and "lost" or underappreciated texts. In a place and time when Indigenous people often have to contend with representations that marginalize or devalue their intellectual and cultural heritage, this collection is a testament to Indigenous resilience and creativity. It shows that the ways in which we read, listen, and tell play key roles in how we establish relationships with one another, and how we might share knowledges across cultures, languages, and social spaces.
