Manual for Normal Dec 02 2019 Because life is more brilliant and more brutal than any of us imagined. Even before her mother's death, Lubba James was different. Now she's worse. She drowns herself in fairytales. Lets her imagination run away with her. Doesn't know how to mourn appropriately. Driven mad or driven to escape, Lubba isn't sure. But she knows she has to get away from her insufferable sister and overwhelmed father. Lubba begins her own quest to discover what normal looks like. And like reality, it's not very pretty. A burned-out cop and his hair-trigger sniffer dog. A homicide victim trapped alive. What's left of a woman who lost her child. Lubba's path leads to them all, and as she travels deeper, sees more, she realizes that life can be more wicked than any witch, and richer than happily-ever-after. In the end, Lubba must decide not what's normal, but whether or not she cares.

The NEW Employee Manual Jan 27 2022 Welcome to Corporate Life. The *NEW Employee Manual* is not your Dad's or Mom's employee manual. It's the new playbook for corporate survival, fitting today's realities and the challenges facing employees who join or work in large, seemingly successful companies. Those companies already issued very specific and detailed employee manuals covering everything under the sun except how to compete well in our brave new world. The *NEW Employee Manual* will help you navigate the Corporate (with a capital C) labyrinth. Where Corporate's manual shapes you into a dutiful cog for the good of the machine, ours helps you enhance your career for the good of, well, you ... and your company. The *NEW Employee Manual* should make you feel skeptical: skeptical of empty slogans, obsolete rituals, obsessive pursuits, and bigwigs' playbooks that no longer work. That alone should be worth this book's price. Skepticism, you see, is a good thing, because it is only the skeptic, only the free-thinker, only the maverick, who asks new questions and finds useful answers. So, are you a maverick or a cog?
