United States Marine Corps - The Basic School - Warrant Officer Basic Course Materials Oct 26 2022 Over 2,200 total pages !!! WARRANT OFFICER BASIC COURSE (WOBC) 1-18 INFORMATION Congratulations on your selection as a Warrant Officer of Marines. You are about to embark upon a truly remarkable journey as an officer of Marines. That journey begins with your successful completion of the Warrant Officer Basic Course (WOBC) at The Basic School (TBS) in Quantico, Virginia. Warrant Officers and Title 10: Warrant Officer (WO) is an appointed rank, vice a commissioned one. Chief Warrant Officers (Marine Gunners and Recruiting Officers) are commissioned. All Chief Warrant Officers and Warrant Officers must successfully complete the WOBC in order to retain their appointment or commission. Title 10 U.S.C. Section 1165 states: THE SECRETARY OF THE NAVY HAS THE AUTHORITY TO TERMINATE THE REGULAR APPOINTMENT OF ANY PERMANENT REGULAR WO AT ANY TIME WITHIN THREE YEARS AFTER THE DATE WHEN THE OFFICER ACCEPTED HIS ORIGINAL PERMANENT APPOINTMENT. A MARINE WHOSE APPOINTMENT IS TERMINATED MAY, UPON HIS REQUEST AND AT THE DISCRETION OF THE SECRETARY OF THE NAVY, BE ENLISTED IN A GRADE NOT LOWER THAN THAT HELD IMMEDIATELY PRIOR TO APPOINTMENT. THEREFORE, THE FIRST THREE YEARS AS A WO IS A PROBATIONARY PERIOD AND THE APPOINTMENT TO WO WILL BE TERMINATED IF A MARINE DOES NOT COMPLETE THE REQUIREMENTS OF THE WOBC. WOBC MISSION STATEMENT: Train and educate newly appointed warrant officers in the high standards of professional knowledge esprit-de-corps, and leadership required to transition from enlisted Marine to officer with particular emphasis on the duties, responsibilities and warfighting skills required of a provisional rifle platoon commander. The Warrant Officer Basic Course: The WOBC is an eighteen-week course that focuses on the transition from enlisted Marine to Marine officer. TBS and the WOBC focus on five horizontal themes that define expectations of all Marine Officers: (1) a man/woman of exemplary character, (2) devoted to leading Marines 24/7, (3) able to decide, communicate, and act in the fog of war, (4) a Warfighter who embraces the Corps' warrior ethos, and (5) mentally strong and physically tough. The universal concept that Marine Officers must be able to assess situations, weigh the pros and cons of various decisions, make a decision, develop a plan, communicate that plan effectively, and supervise its execution is stressed and exercised throughout the course. The course will teach the science and art required for service of Marine Officers with an emphasis on decision making throughout. Provisional infantry and planning subjects are together used as the means or vehicle to teach and evaluate this process. Since all students are evaluated on leadership as Marine Officers; physical, mental, and emotional stress are incorporated throughout the course in order to evaluate the ability to lead in chaotic and stressful environments. Some individuals will be pushed close to their failing point, but the WOBC is designed to give students an opportunity to display positive leadership qualities in the face of adversity. The WOBC is not a "check in the block." It is a course designed to provide students with the learning experiences necessary to effectively transition to service as a Marine Officer. Students who do not successfully complete the course face a variety of administrative actions, including repetition of the course, recycle to a six month lieutenant Basic Officer Course, revocation of appointment, or separation from the service. The WOBC curriculum is an academically rigorous, provisional infantry and staff planning based program of instruction (POI) which consists of approximately 935 hours of formal instruction. The POI includes classroom instruction, field exercises, sand table exercises, and discussion groups. Classroom instruction is designed around the flipped classroom model.

Computerised Test Generation for Cross-National Military Recruitment Jul 11 2021 "'Computerised Test Generation for Cross-National Military Recruitment' by Prof. Sidney H. Irvine is a handbook for use in occupational psychology, test construction and psychometrics. The book describes the development of the British Army Recruitment Battery (BARB) by Prof. Irvine and his colleagues at the University of Plymouth. BARB is a computer-administered selection battery that is still in use to this day and is capable of developing new parallel tests for every candidate in the recruitment process. In telling the story, Sidney Irvine describes not only the development of the battery itself, funded by the UK Ministry of Defence, but all the work that went on before and afterwards, in the United Kingdom, with European allies and in the United States. x000D Prof. Irvine argues that judicious application of the current state-of-the-art in psychometric selection tests can be used to maximise retention and minimise attrition. As such, this long-awaited book will be of great interest to psychologists, psychometricians, test developers, those involved in personnel selection and all with an interest in military history, in particular the history of military science. With a foreword and chapter introductions from a worldwide array of subject matter experts, the book also has a full subject index and an extensive bibliography. I commend it heartily." — Professor Jamie Hacker Hughes CPsychol CSci FBPsS, Former Defence Consultant Advisor in Psychology, Ministry of Defence, United Kingdom.

We'll All Die as Marines Jun 29 2020 For seventeen-year-old high school dropout Jim Bathurst, the Marine Corps's reputation for making men out of boys was something he desperately needed when he enlisted in March of 1958. What began as a four-year hitch lasted nearly thirty-six years and included an interesting assortment of duty stations and assignments as both enlisted and officer. We'll All Die As Marines narrates a story about a young, free-spirited kid from Dundalk, Maryland, and how the Corps captured his body, mind, and spirit. Slowly, but persistently, the Corps transformed him into someone whose first love would forever be the United States Marine Corps. It documents not only his leadership, service, and training but also regales many tales of his fellow Marines that will have the reader laughing, cheering, and at times crying. In this memoir, Bathurst reveals that for him—a former DI who was awarded the Silver Star, Bronze Star Medal with Combat "V", Purple Heart, and a combat commission to second lieutenant—the Corps was not a job, a career, or even a profession; it was—and still is—a way of life.

U.S. Marines in Action Sep 20 2019 Ten major wars and two hundred minor actions comprise the history of the United States Marine Corps, and parallel the history of America itself. U.S. Marines in Action provides a comprehensive and stirring account of the activities of the military corps that has become synonymous with guts and glory. Fehrenbach dramatizes the incredible heroism of the leathernecks over two centuries of peacekeeping missions in every corner of the globe.

Unlike No Other Nov 15 2021 Book 1 is a series of stories of my company-grade years beginning with learning to be a Marine Corps officer, then naval aviator. My first squadron experiences include learning to fly the first Marine Corps CH-53, being deployed overseas to Vietnam for my first of three combat tours, which are all described in book 1. The memoir stories contained in this book and a separate book 2 range in intensity from combat conditions during my three tours in the Vietnam War to unique escape-and-evasion-training experiences and to various leadership challenges and achievements, both in command positions as well as Marine Corps Headquarters' assignments, during his twenty-five-year career in the United States Marine Corps. Sgt. Charles Pogany (Pogy), LCpl. Arthur J. Pailles (A. J.), and Sgt. William Whitehurst (Whitey) have had the pleasure and honor to serve alongside Colonel Wemheuer. The three of us proudly represent the enlisted Marines in our Squadron and are proud to say that we flew with Colonel Wemheuer, then a captain, as his crew chief and aerial gunners under numerous intensive combat conditions. His calmness and clear-thinking during combat conditions gave us all the needed confidence in ourselves. The enlisted men held him in the highest respect and esteem. We flew with him with confidence that his experience and superb aviator skills would accomplish our missions and bring us all safely back to base. When we launched on our missions, we knew that the enemy was in for a major and painful demise. Instilled in his leadership traits were the Marine Corps core values of honor, courage, and commitment that made us formidable Marines with a mission. It was an honor to serve with him. Semper fidelis, Sgt. Charles Pogany (Pogy), LCpl. Arthur J. Pailles (A. J.), and Sgt. William Whitehurst (Whitey)

USMC COMBAT LIFESAVER / TACTICAL COMBAT CASUALTY CARE TCCC TRAINER COURSE INSTRUCTOR & STUDENT CURRICULUM Jul 23 2022 BACKGROUND IN 1996, THE NAVAL SPECIAL WARFARE COMMAND DEVELOPED A NEW SET OF TACTICALLY APPROPRIATE BATTLEFIELD TRAUMA CARE GUIDELINES NAMED TCCC. THE TCCC GUIDELINES WERE ADOPTED BY THE U.S. SPECIAL OPERATIONS COMMAND (USSOCOM) AND APPROVED BY THE AMERICAN COLLEGE OF SURGEONS (ACS) AND THE NATIONAL ASSOCIATION OF EMERGENCY MEDICAL TECHNICIANS. THE COMMITTEE ON TCCC WAS ESTABLISHED IN 2001 AND WAS DIRECTED TO FURTHER DEVELOP THE TCCC STANDARDS AND GUIDELINES. THE COMMITTEE ON TCCC FUNCTIONS AS A WORKING GROUP OF THE TRAUMA AND INJURY SUBCOMMITTEE OF THE DEFENSE HEALTH BOARD (DHB), WHICH HAS A CHARTER TO PROVIDE MEDICAL RECOMMENDATIONS TO ASD (HA) AND THE SERVICE SURGEONS GENERAL. TCCC CONCEPTS WERE INCORPORATED INTO THE 8404 CORPSMAN TRAINING CURRICULUM IN 2005. THE TCCC/CLS TRAINER COURSE WAS DEVELOPED IN 2006 TO PROVIDE CORPSMEN AS TRAINERS TO TEACH AND SUSTAIN TCCC STANDARDS TO CORPSMEN AND CLS SKILLS TO SELECTED MARINES WITHIN THE OPERATING FORCES. THE IMPLEMENTATION OF TCCC ACROSS ALL SERVICES HAS BEEN IDENTIFIED AS ONE OF THE CONTRIBUTING FACTORS TO THE HIGHEST COMBAT CASUALTY SURVIVAL RATES IN HISTORY AND IS RECOMMENDED BY ASD (HA) FOR USE WHEN TRAINING COMBAT MEDICAL PERSONNEL, REF B. TCCC INFORMATION IS PUBLISHED IN THE PREHOSPITAL TRAUMA LIFE SUPPORT MANUAL (PHTLS), MILITARY EDITION, WHICH IS UPDATED EVERY FOUR YEARS. DEPARTMENT OF DEFENSE (DOD) APPROVED TCCC TRAINING CURRICULA ARE UPDATED ON THE DOD WEBSITE MHS.OSD.MIL/EDUCATION AND TRAINING/TCCC.ASPX AS THE TCCC GUIDELINES CHANGE. GOAL. ELIMINATE PREVENTABLE LOSS OF LIFE ON THE BATTLEFIELD. IN ACCOMPLISHING THIS GOAL, THE MOST RECENT TCCC GUIDELINES APPROVED BY DOD ARE TO BE UTILIZED AS A MEANS OF PROVIDING STANDARDIZED TRAINING TO THE MARINE CORPS AND IMPROVING FIRST RESPONDER CARE AT THE POINT OF INJURY. HISTORY OF TCCC: a. It is important to realize that civilian trauma care in a non-tactical setting is dissimilar to trauma care in a combat environment. TCCC and CLS are an attempt to better prepare medical and non-medical personnel for the unique factors associated with combat trauma casualties. b. Historical data shows that 90% of combat wound fatalities die on the battlefield before reaching a military treatment facility. This fact illustrates the importance of first responder care at the point of injury. c. TCCC was originally a US Special Operations research project which was composed of trauma management guidelines focusing on casualty care at the point of injury. d. TCCC guidelines are currently used throughout the US Military and various allied countries. e. TCCC guidelines were first introduced in 1996 for use by Special Operations corpsmen, medics, and pararescue (PJs). f. The TCCC guidelines are currently endorsed by the American College of Surgeons, Committee on Trauma and the National Association of Emergency Medical Technicians. The guidelines have been incorporated into the Prehospital Trauma Life Support (PHTLS) text since the 4th edition. STUDENT CURRICULUM: Tactical Combat Casualty Care/CLS Overview Identify Medical Fundamentals Manage Hemorrhage Maintain Casualty Airway Manage Penetrating Chest Injuries Manage Hemorrhagic Shock Manage Burn Casualties Perform Splinting Techniques Administer Battlefield Medications Perform Casualty Movement Perform Combat Lifesaver Triage Perform Combat Lifesaver Care
