**Life Choices** Nov 08 2020 Includes CD-Rom ?Nothing is so exhausting as indecision, and nothing is so futile..teachers, parents and carers worry that the decisions that children and young people make might be unwise or dangerous? - Bertrand Russell ?You’d be hard pushed to find a better decision-making programme than this excellent set of books... This series will undoubtedly kick-start conversation, prod thinking and stimulate classroom debate? - Times Educational Supplement Magazine Decision making is a skill involving both a cognitive and an affective process. The ability to: - recognize the thoughts and feelings; - consider the consequences; - choose the best outcome; is a highly valued facility leading to resilience, achievement and responsibility. The skill can be taught and in these three volumes the authors provide all the materials needed to teach a course on decision making at each age level. The programme provides a menu of stories related to the real life experiences of the young people. Topics are selected to be age appropriate and the series includes: - Stealing; - Lying; - Social behaviours; - Risks; - Justice; - Loss, Grief and Bereavement; - Prejudice; - First love; - Disability; - Leaving home; - Family relationships. The teacher notes indicate ?stopping points? where reflection and discussion is encouraged. A choice of endings is offered or the young people can develop their own ideas about what might happen next. The course can be introduced at any age or used to develop the skills through school life from early years to the teens. Other books in the series include Margaret Collins’s First Choices and Phil Carradice’s Good Choices.

**You’re the Umpire** Jan 23 2022 Do you think you have what it takes to be a Major League umpire? Well, now you can test your knowledge of the game with Wayne Stewart’s You’re the Umpire. Divided into three sections, this unusual handbook, now in its third edition, offers Routine Calls, which deal with scenarios and rules that typically come up in games and deal with clear-cut rules—fair and foul, strike zone questions, and the like. The next section, Basic Situations, deals with umpiring matters and rules that are just a bit more unusual or, for the casual fan, obscure. Interference and obstruction calls, for example, don’t come up too often, but they remain standard stuff involving rules that umps and many fans know quite well. In the final section, Obscure Rules and Situations, you will be presented with what many baseball people call “knotty” problems. Here, you will be asked questions involving the complex infield fly rule and other arcane matters. This section, then, is the ultimate test of your umpiring skills and knowledge. Most of the situations in You’re the Umpire come from real games, such as the time a fastball from Randy Johnson killed a bird in flight and what the umps did regarding that pitch, but some scenarios are made up to illustrate specific points or rules. Test yourself against your friends or against the iconic baseball rulebook. It’s a challenge and it’s fun.

Creative Evaluation Jun 03 2020 Patton draws on his experiences in over 200 evaluation workshops, 80 evaluation projects and extensive consultations, to explore the actual processes of evaluation as it is practised -- and ways of transcending them. Patton shows how to move beyond the usual limitations of the discipline through imaginative search procedures, communication techniques, group relations, and ways of thinking. `Patton brings to the frustrated, joyless or just plain tired evaluator an entertaining and stimulating book...This book is worth reading just for its lively, humorous and thought provoking collection of quotes about evaluation and much more.' -- Evaluation Division Newsletter, July 1983

Over the past 30 years, our publication has developed reliable content that aids students and teachers in achieving excellence. We create reference material that is extensively researched, meticulously articulated, and comprehensively edited ? catering to the various National and Regional Academic Boards in India.

**Learn Better** Feb 21 2022 For centuries, experts have argued that learning was about memorizing information: You're supposed to study facts, dates, and details; burn them into your memory; and then apply that knowledge at opportune times. But this approach to learning isn't nearly enough for the world that we live in today, and in *Learn Better* journalist and education researcher Ulrich Boser demonstrates that how we learn can matter just as much as what we learn. In this brilliantly researched book, Boser maps out the new science of learning, showing how simple techniques like comprehension check-ins and making material personally relatable can help people gain expertise in dramatically better ways. He covers six key steps to help you "learn how to learn," all illuminated with fascinating stories like how Jackson Pollock developed his unique painting style and why an ancient Japanese counting device allows kids to do math at superhuman speeds. Boser's witty, engaging writing makes this book feel like a guilty pleasure, not homework. *Learn Better* will revolutionize the way students and society alike approach learning and makes the case that being smart is not an innate ability—learning is a skill everyone can master. With Boser as your guide, you will be able to fully capitalize on your brain's remarkable ability to gain new skills and open up a whole new world of possibilities.

**My Revision Notes: Edexcel AS/A-level Politics: US Politics** Aug 06 2020 Target success in politics with this proven formula for effective, structured revision; key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge.
