Letters from the West Aug 10 2020 "Letters From The West; Or A Caution To Emigrants, written by John S. Wright and published in 1819, presents the impressions of the author about opportunities for settlement in the Ohio Valley. Having just completed a six month trip there, where he had gone "as a plain practical farmer, to judge for myself, the merits of a country so highly extolled," Wright came back profoundly disillusioned. He believed his own experience demonstrated that before any man removed his family to a distant country, he ought first to visit it and judge of it himself. Wright's collection of letters serves as a forceful reminder that not everyone found the West to his liking"--Foreward.

Letters from Father Christmas: Centenary Edition Jul 21 2021 Published to celebrate the first ever 'letter from Father Christmas' in 1920, this beautiful oversized edition of Tolkien's famous illustrated letters from 'Father Christmas', includes a wealth of charming letters, pictures and decorated envelopes, and promises to be a festive feast for Tolkien fans of all ages. Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children. Inside would be a letter in strange spidery handwriting and a beautiful coloured drawing or some sketches. The letters were from Father Christmas. They told wonderful tales of life at the North Pole: how all the reindeer got loose and scattered presents all over the place; how the accident-prone Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining-room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house! Sometimes the Polar Bear would scrawl a note, and sometimes Ilbereth the Elf would write in his elegant flowing script, adding yet more life and humour to the stories. No reader, young or old, can fail to be charmed by the inventiveness and 'authenticity' of Tolkien's Letters from Father Christmas. This classic festive book of Tolkien's enchanting Father Christmas letters, written to his children between the 1920s and the 1940s, has been reworked into a sumptuous, new standard hardback edition. It contains high-quality digital reproductions of his wonderful letters and pictures, including a number of them appearing in this format for the first time, and a revised introduction by Baillie Tolkien.

A Letter to the Women of England and The Natural Daughter Sep 10 2020 Mary Robinson's *A Letter to the Women of England* (1799) is a radical response to the rampant anti-feminist sentiment of the late 1790s. In this work, Robinson encourages her female contemporaries to throw off the "glittering shackles" of custom and to claim their rightful places as the social and intellectual equals of men. Separately published in the same year, Robinson's novel *The Natural Daughter* follows the story of Martha Morley, who defies her husband's authority, adopts a found infant, is barred from her husband's estate and is driven to seek work as an actress and author. The novel implicitly links and critiques domestic tyrants in England and Jacobin tyrants in France. This edition also includes: other writings by Mary Robinson (tributes, and an excerpt from *The Progress of Liberty*); writings by contemporaries on women, society, and revolution; and contemporary reviews of both works.
